Hey Sweetie, how ya doin'? I'm fine. It's been fun discussing Christine's lastest stories. I wonder if her moms had her baby yet! Or if her house has got robbed again! I'll hafta come & see you at Baskin Robins sometime with Lisa D. It sure is a mystery to me why Amie thinks I'm a bitch, but I honestly don't care what she thinks now! I promise I'll never write on the chalkboard again! Did you know that old McDonald had a farm?? It has been a pleasure meeting your organism + communicating with your vocal box. Your quite a interesting guy! But your supersweet. Did you know that my dad bought me 5 new cars last night + a house in Los Angeles? Yea, and I killed my brother but he came back to life + then he killed me but I only died for 7hours. Then my triplet sisters died + then my mom died + my dad did too! Does that sound familiar? She is SOO wierd! Well, someday soon I'll meet michael Jackson & we'll get married + live happily ever after. I wonder if Sara will call you over the summer. seriously if I were you, I wouldn't waste my time talking to her, you deserve way better than her. I'm really disappointed in her. I'll tell you about it someday, call me over the summer. SO we can transfer our thoughts through the telephone device & communicate with eachothers brain waves! And one more thing! Michael Jackson will reign forever!!! Have a nice summer

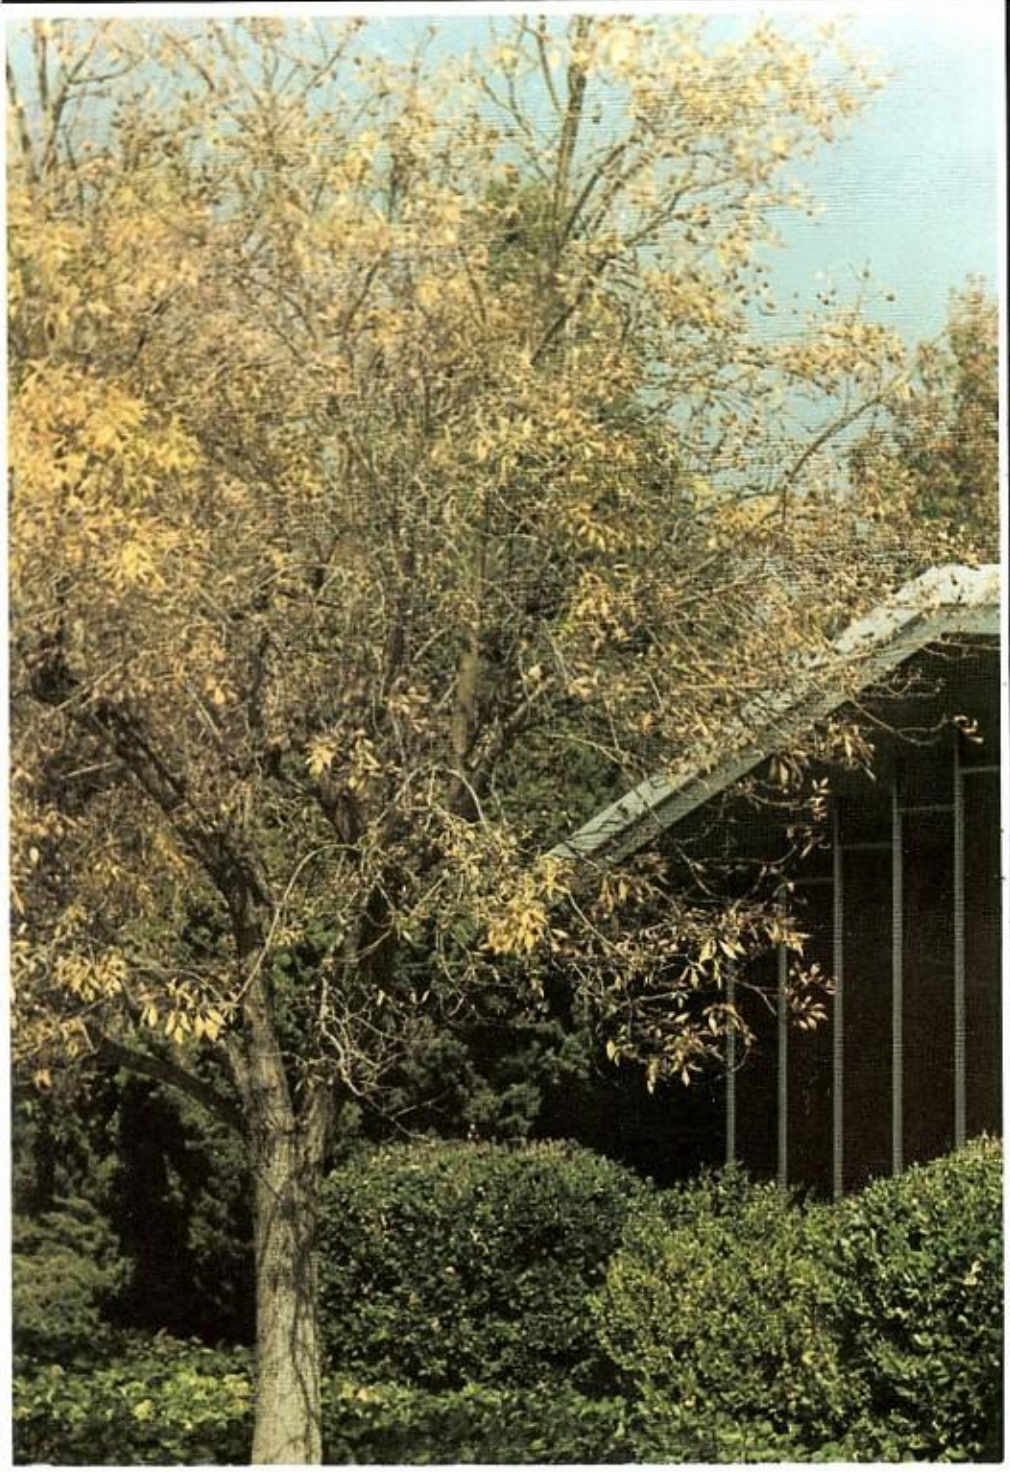
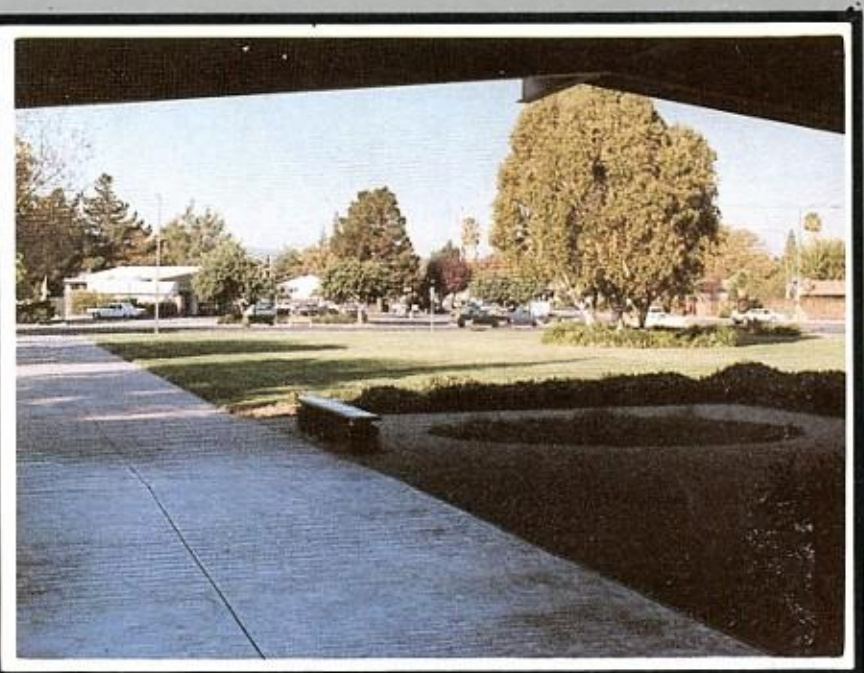
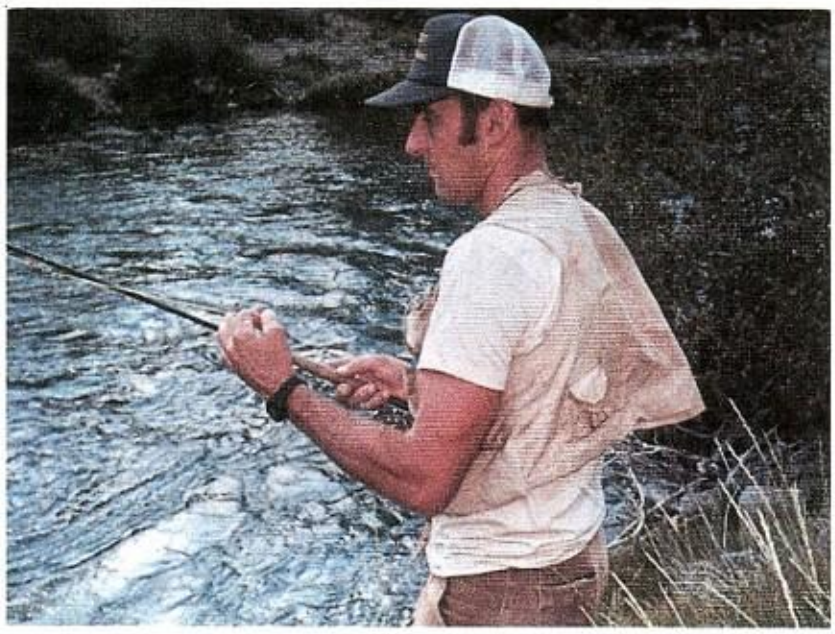
OUR TWENTY-FIFTH EDITION

LEIGH HIGH SCHOOL
SAN JOSE, CALIFORNIA





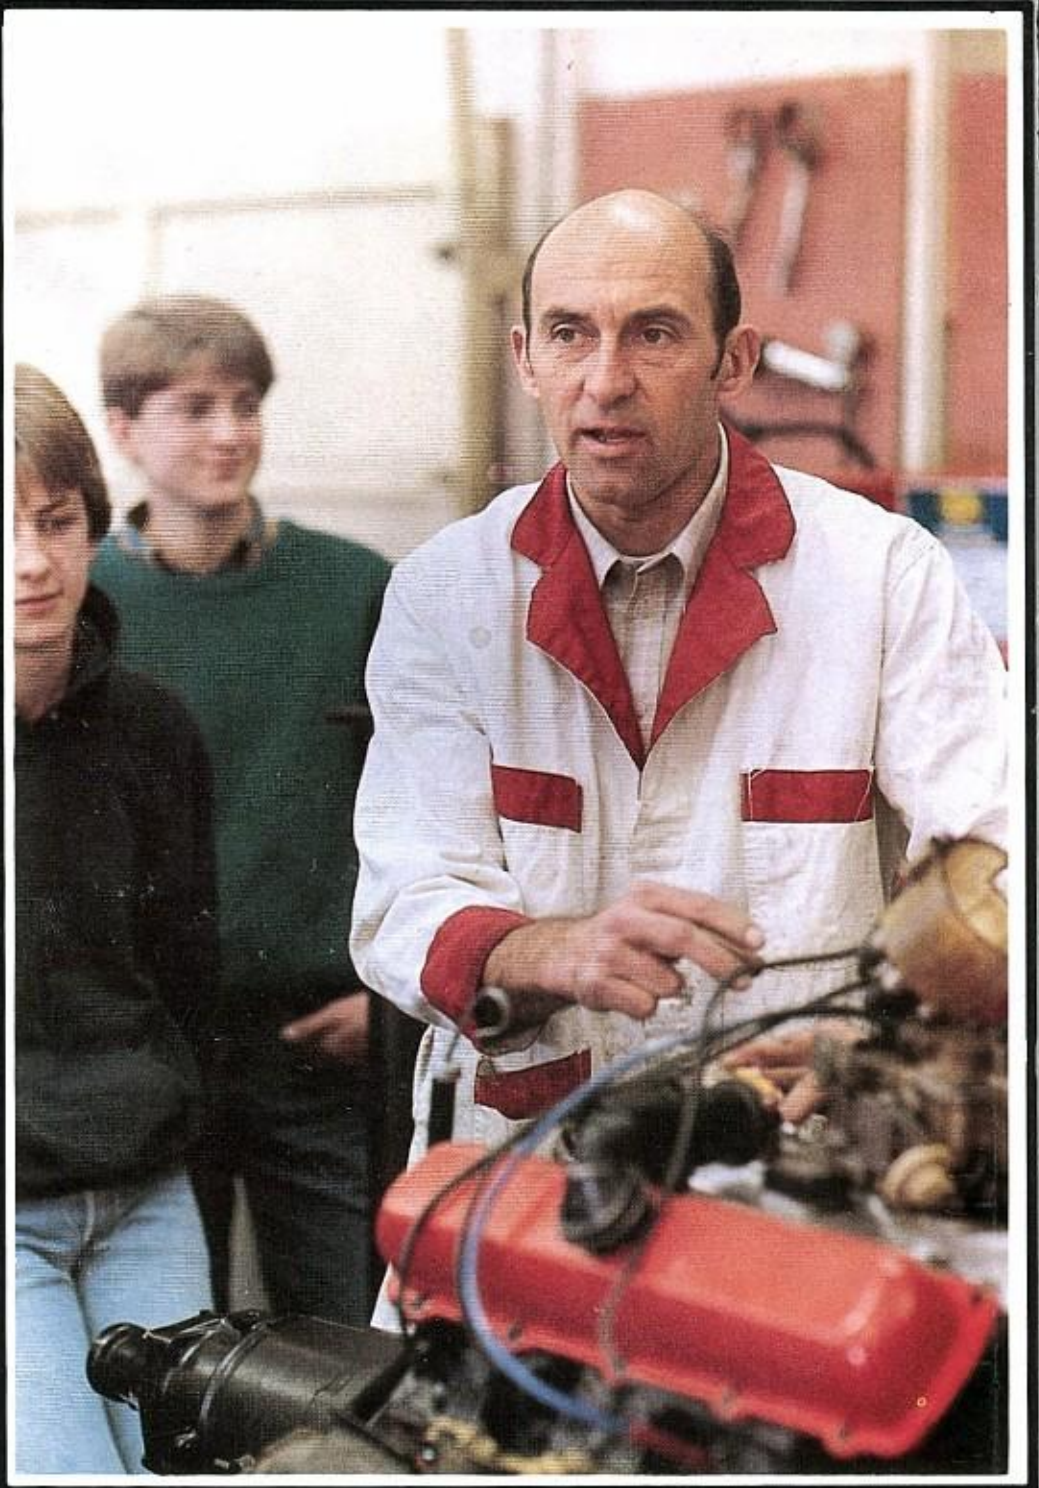
MR. JAMES SWEENEY

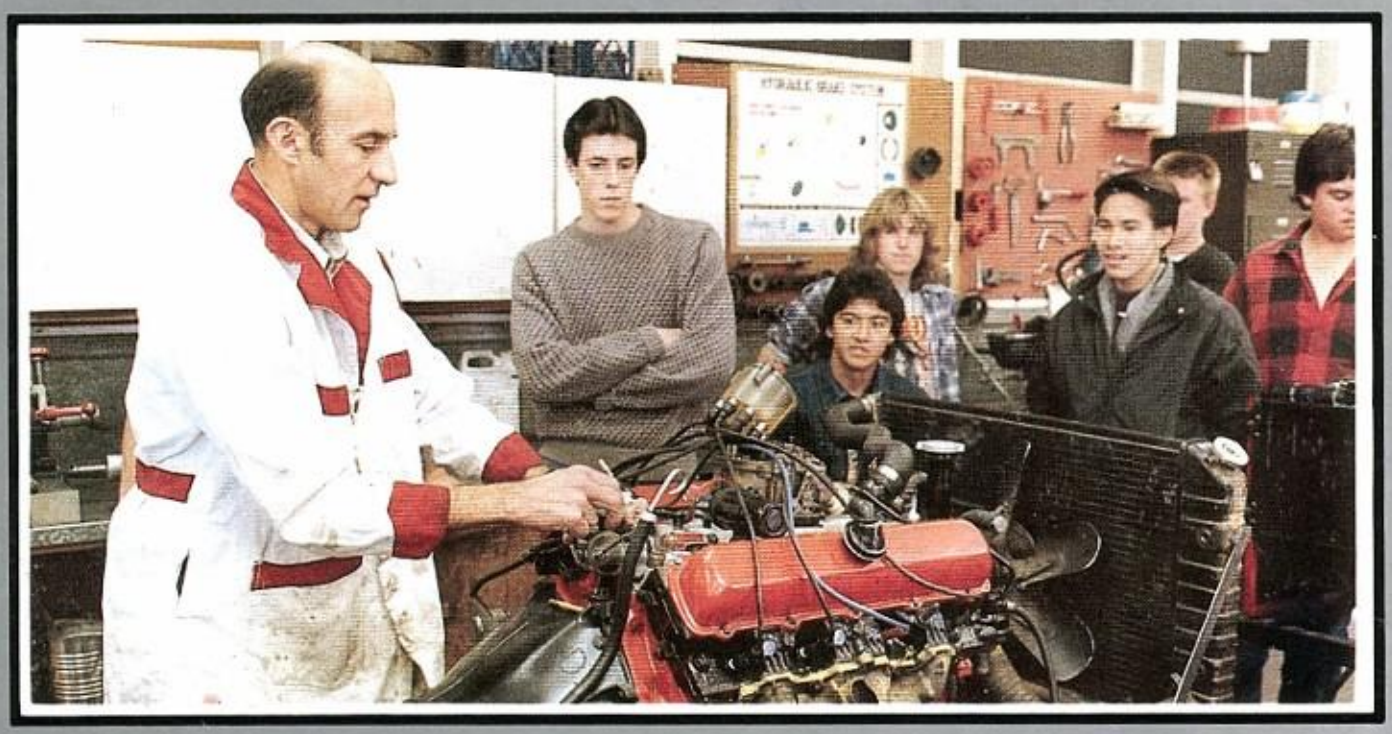


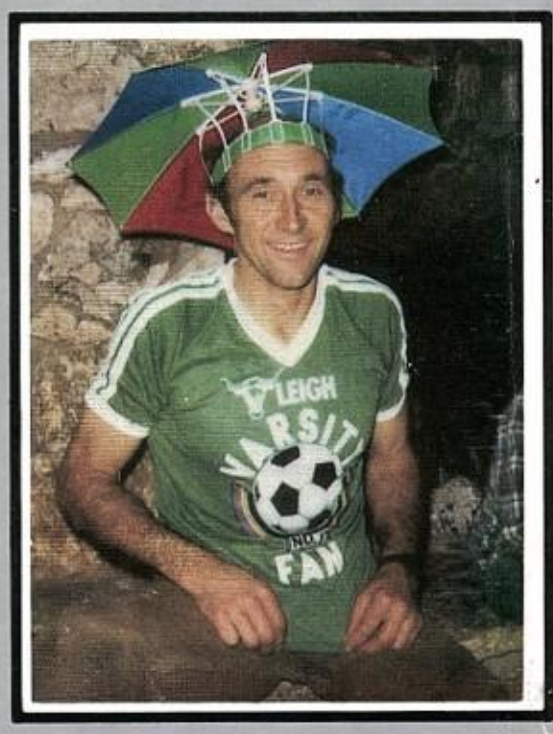
On June 23, 1941, **James Sweeney** caught his first glimpse of life. Raised in Campbell, he attended Campbell High School, where he earned the honor of Eagle Scout and learned to derive satisfaction from helping others. He also engaged in the sport of basketball, although, at that time, he was so short he had to sit on a pillow to see over the dashboard of his car. After graduation in 1959, he entered San Jose State University majoring in Industrial Arts. There he was an active member of the service fraternity, where he continued his commitment to others. This commitment led him to pursue his teaching credentials.

Upon graduating in June of 1963, he was hired by Campbell High School. When the district expanded, Mr. Sweeney was transferred to Leigh High School where he has continued to teach. At Leigh, he has always been dedicated and responsive to the needs of his students. His sense of responsibility extends to his family as well. He coaches the baseball and soccer teams of his three sons; Ben, Bryan, and Bret.

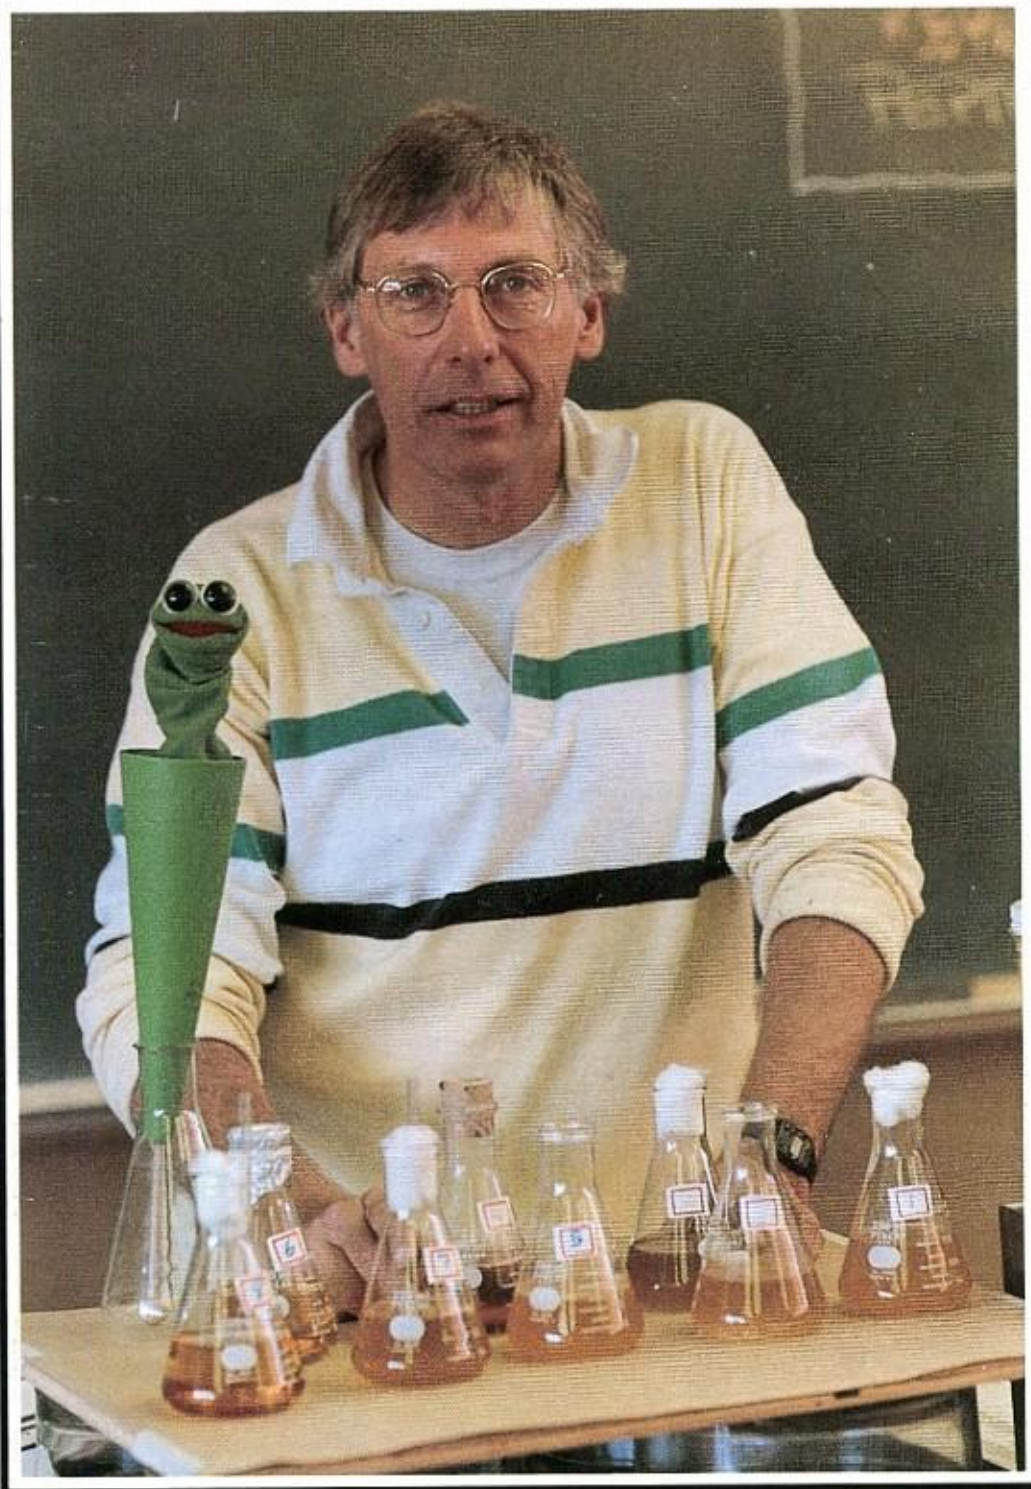
Mr. Sweeney also identifies strongly with nature and the earth. He enjoys surfing at Pleasure Point, backpacking at Immigrant Basin, and fly fishing in the Sierras. In addition, he has obtained his general contracter's license. This has enabled him to build his own home and a large portion of his furniture. His responsiveness to people and nature extends to all areas of his life, especially his students who benefit from his patience, understanding, and commitment towards personal development. *The Vintage Staff* is proud to dedicate this year's anniversary edition to a man so devoted to others.







Mr. Don Dunton

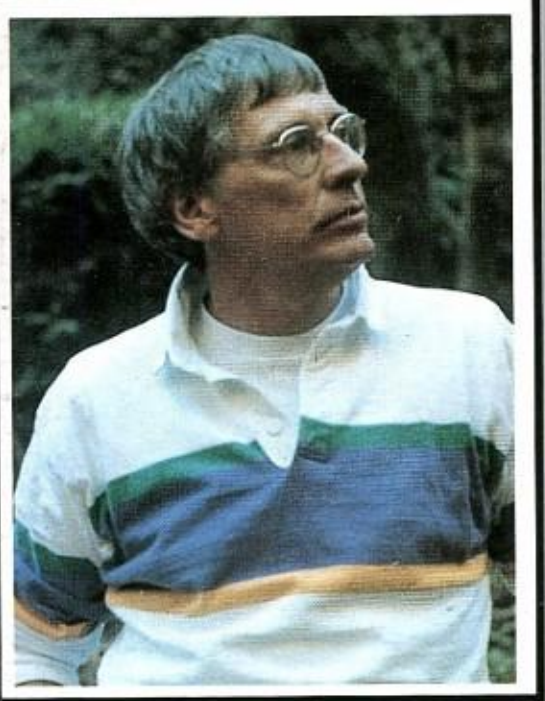


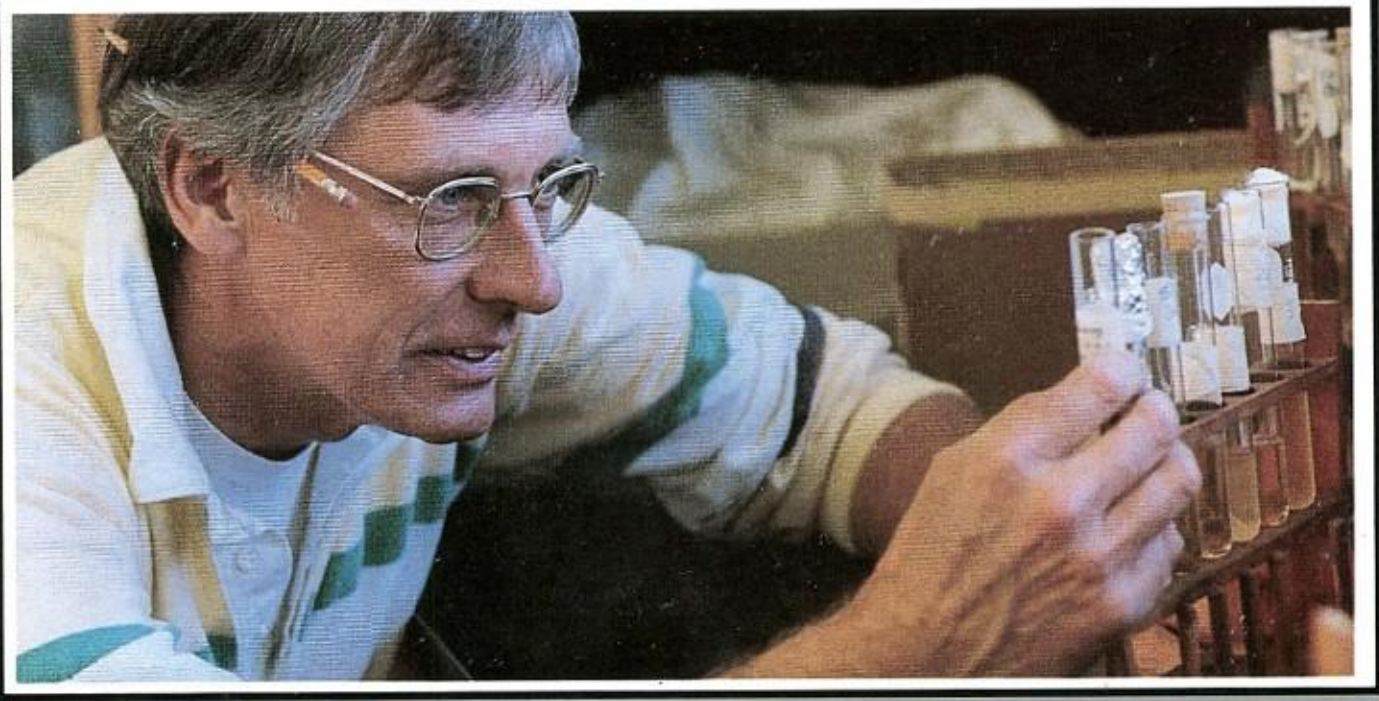
The world first witnessed Don "Butch" Dunton on April 18, 1939. Born and raised in San Jose, he attended Campbell High School. During his four years as class president, he began to show his interest in life not as a passive observer, but as an active participant.

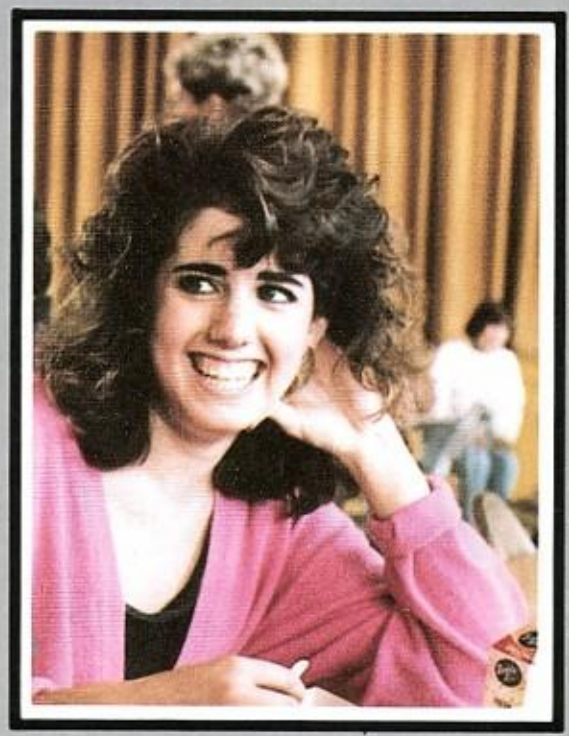
After graduation in 1957, he entered San Jose State as a biology major. His membership in the Sophomore Spartan Shield Honor Society, ATL fraternity, and his position as the director of the Freshman Camp earned him a place in the **Who's Who in American Colleges**

Graduating in 1961, Mr. Dunton took advantage of his freedom and decided to tour the U.S. in his new VW bug. The following year he sailed in the World Class Regatta in France. He then returned to San Jose State for his teaching credential. His early years as a teacher were spent at Blackford High School. Finally settling at Leigh, he has sponsored such programs as Safe Rides and Beyond War.

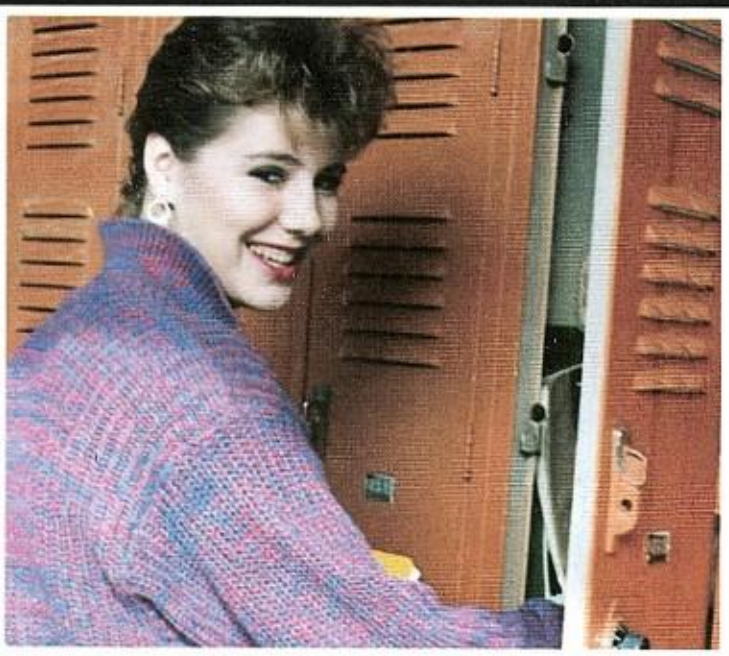
His primary commitment is to his daughters, Jennifer and Meredyth, and of course, Ginger, their golden retrievor. His other loves include: hats, sailing, gourmet cooking, hooded blue sweatshirts with cut-off sleeves. and his students. He prefers teaching because it enables him to keep the close relationships with his students alive. In dedicating the 1987 yearbook to Don Dunton, the students of Leigh High School pay special tribute to a teacher who cares and who is dedicated to his profession.

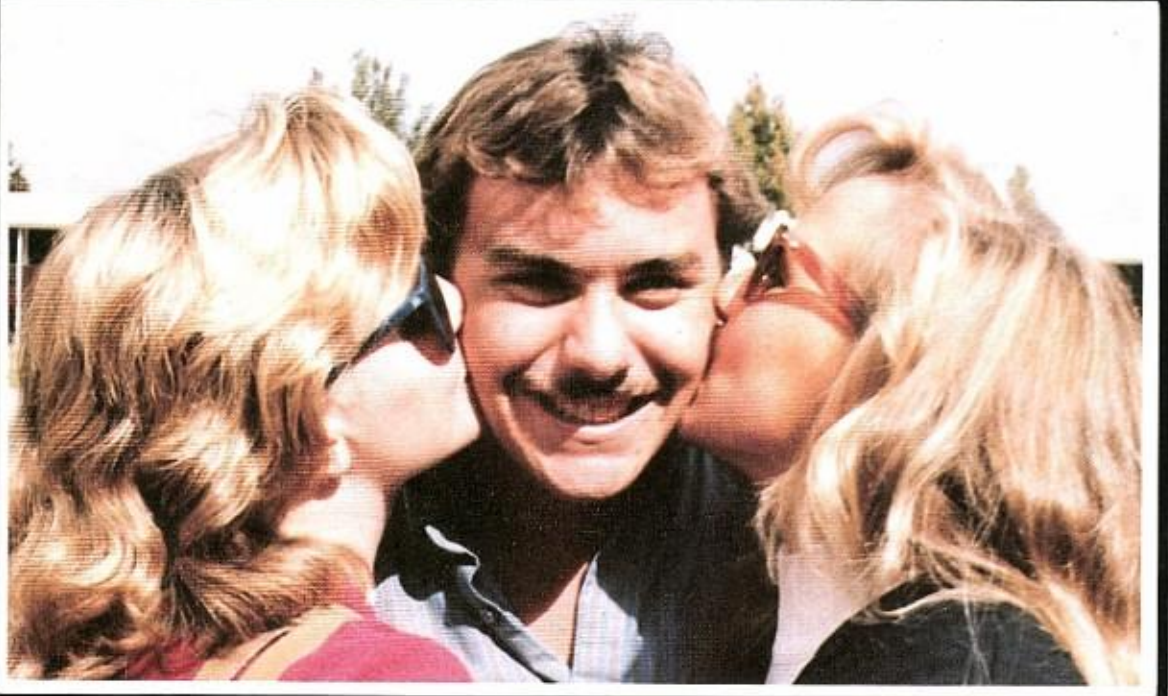


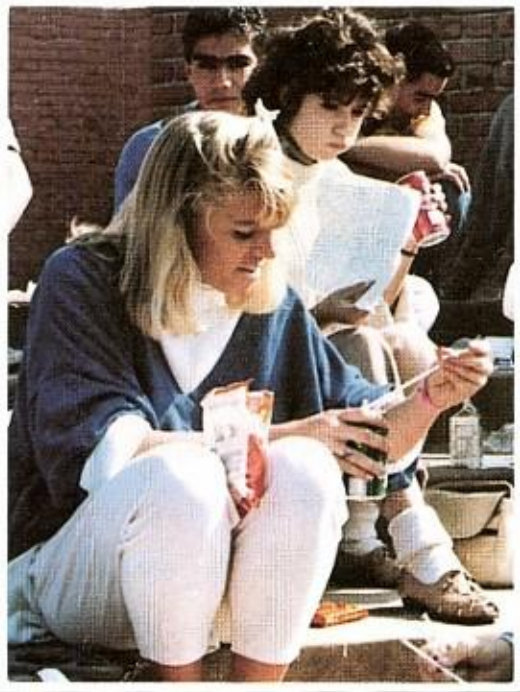


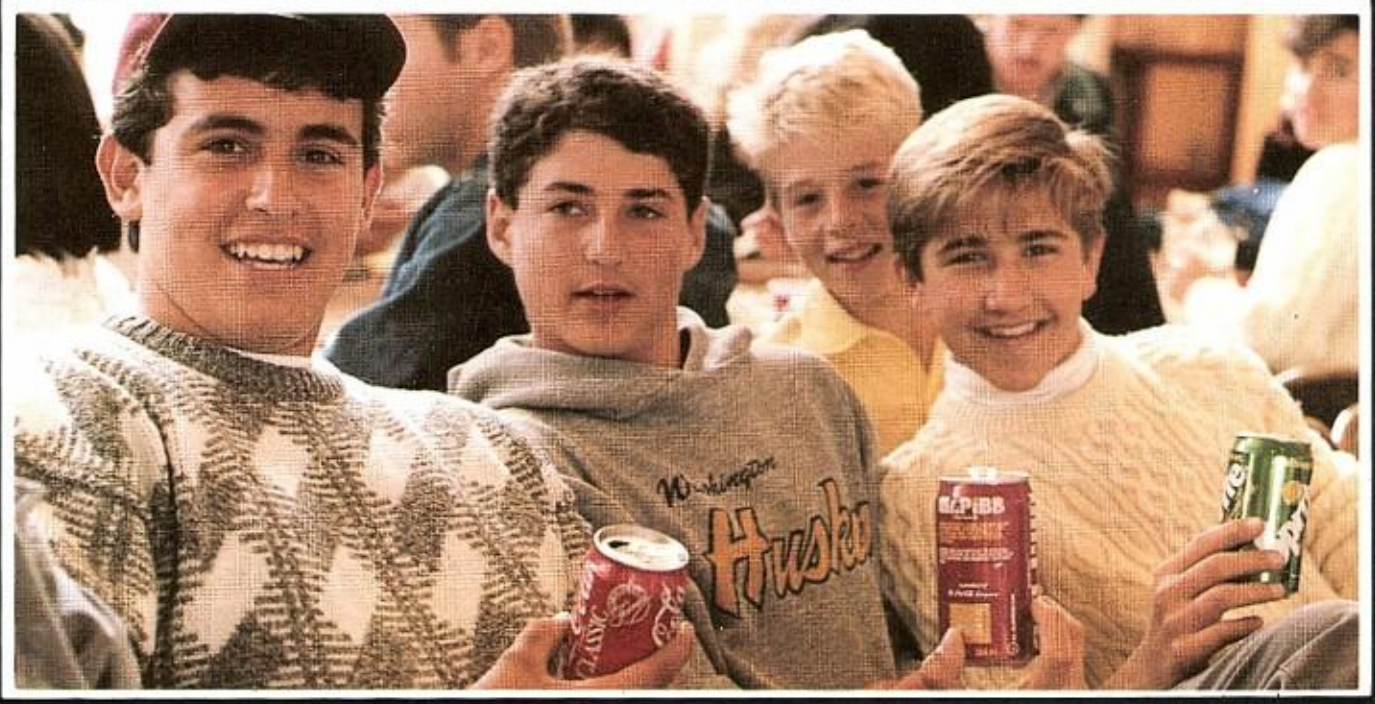


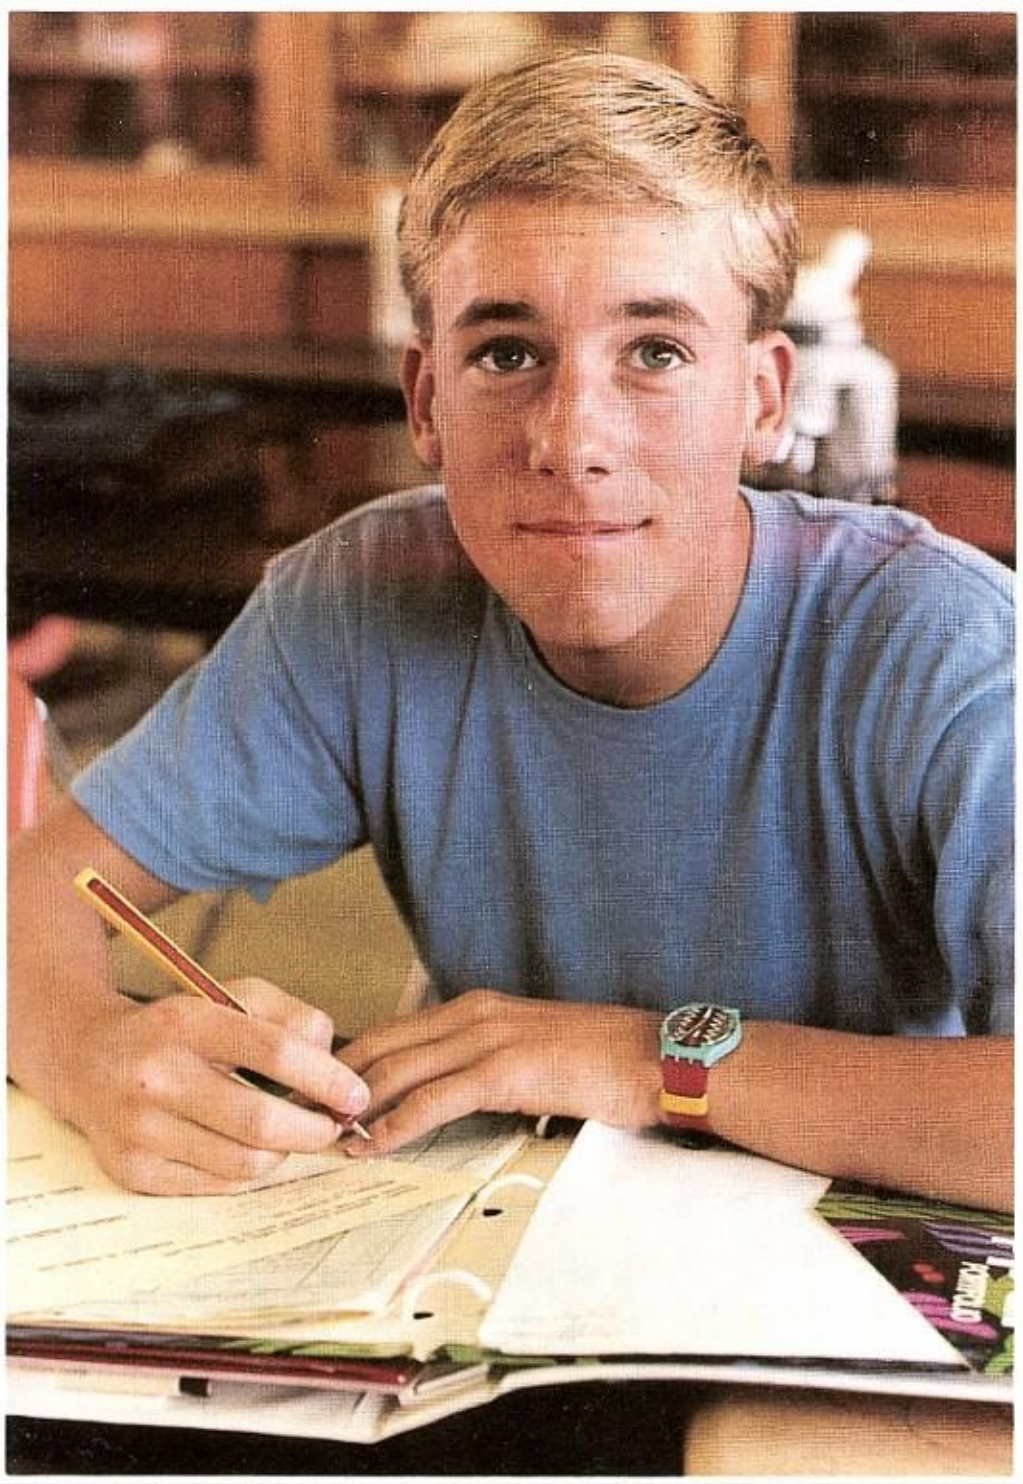
In 1962, sport coats and ties and dresses and skirts were the required apparel for faculty. They were not the exception, but the rule. In 1986, however, teachers are giving the freedom to choose their own style, whether it be preppy like Mr. "Biff" Holland or the "Hey! Let's go camping" look, like Mr. Dunton.

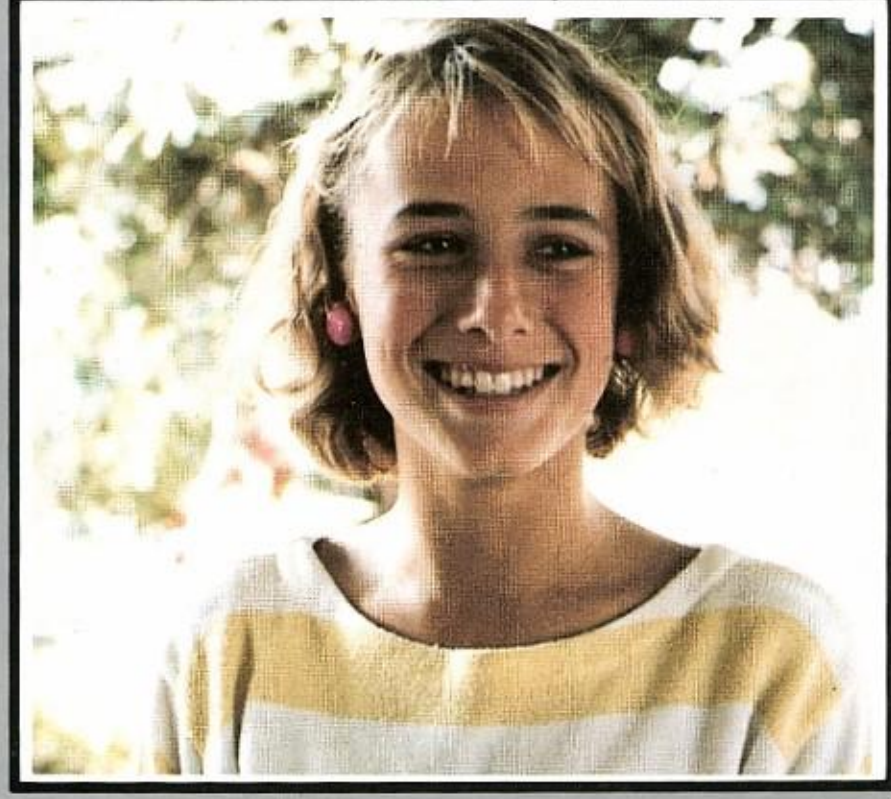


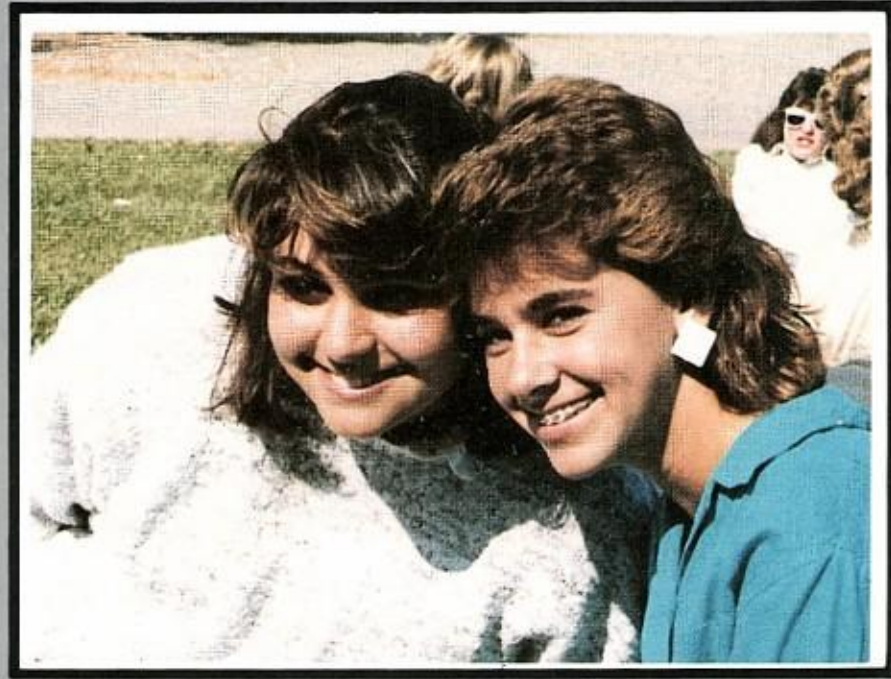


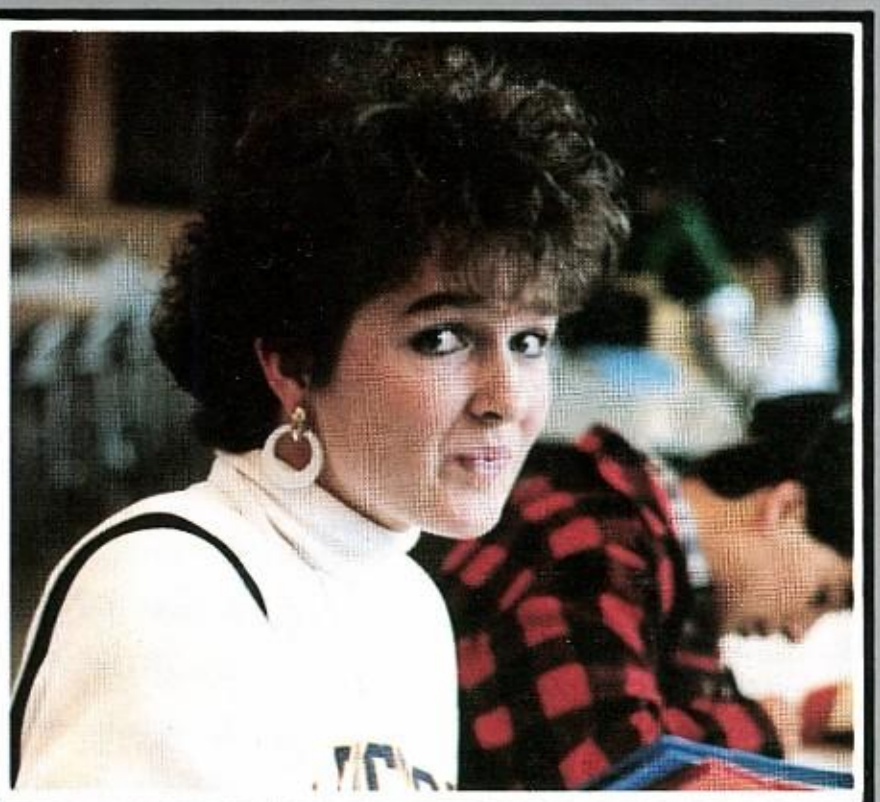


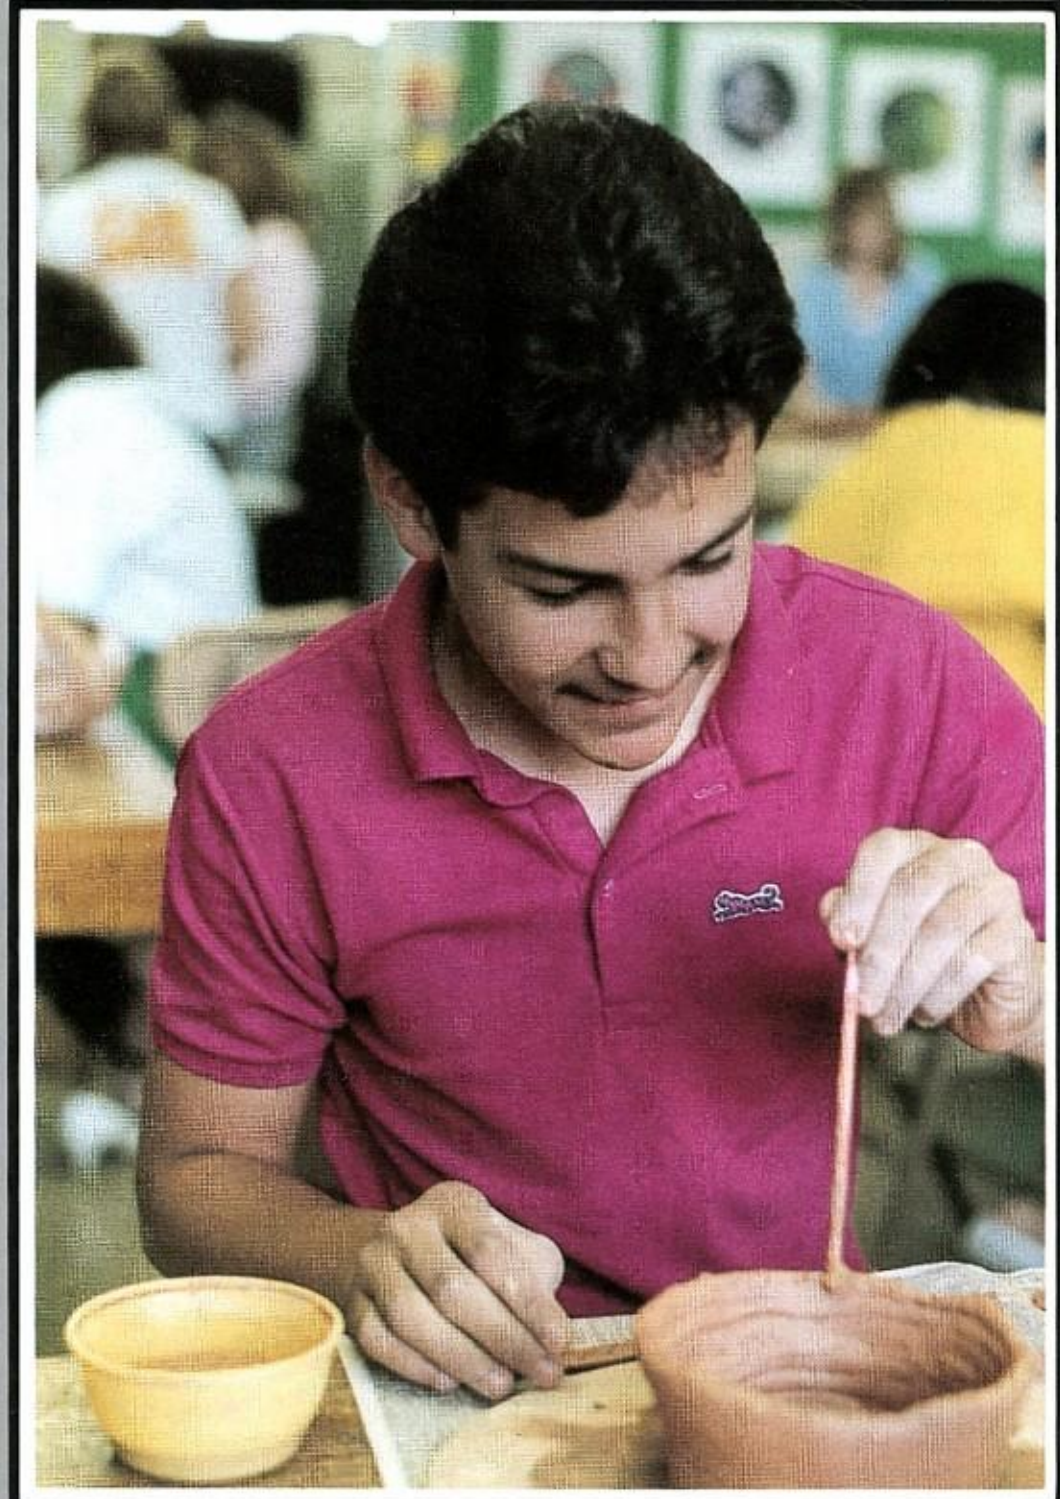


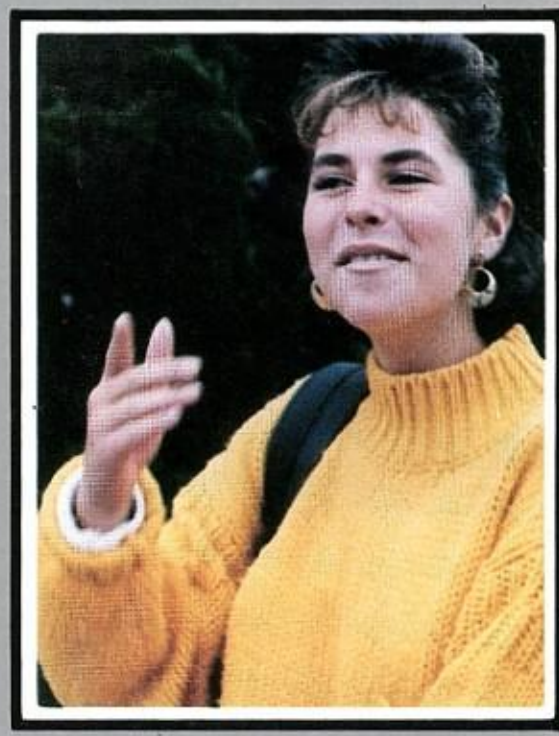


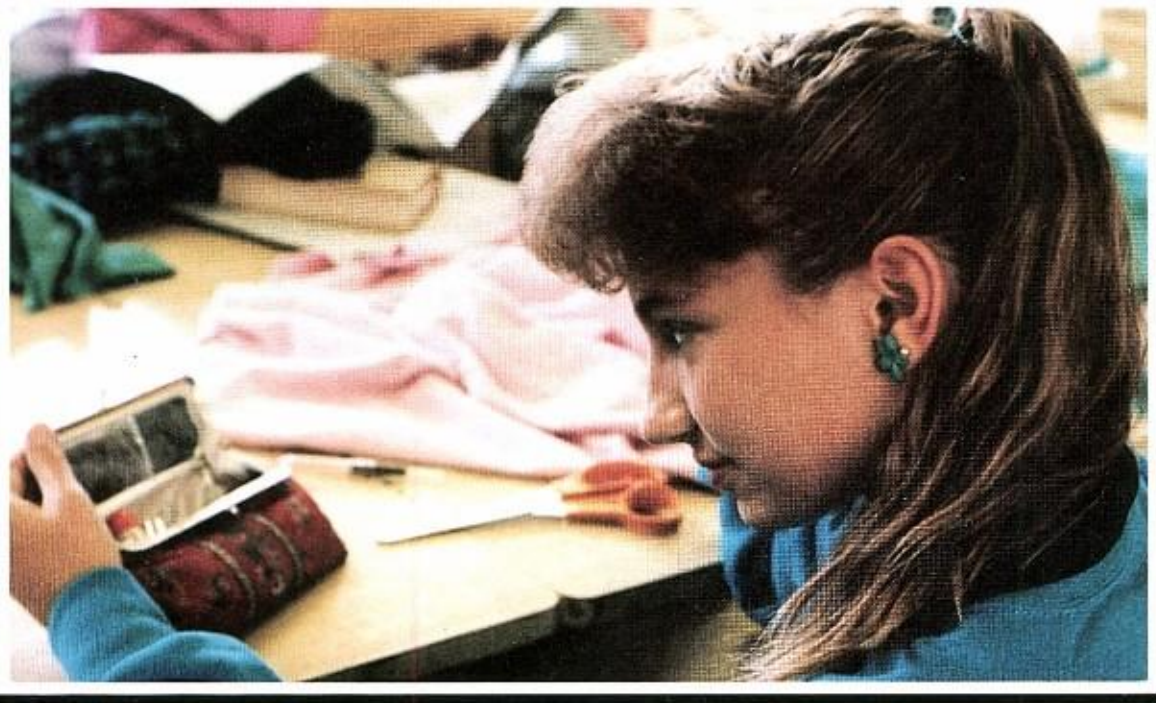


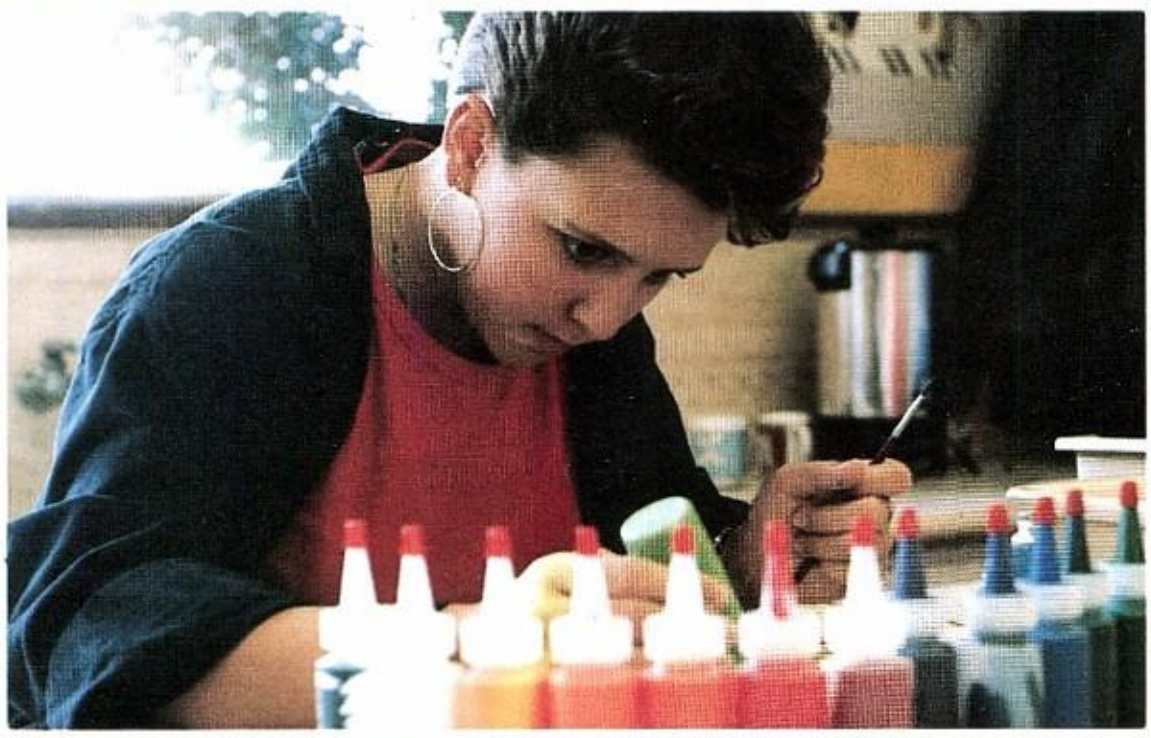




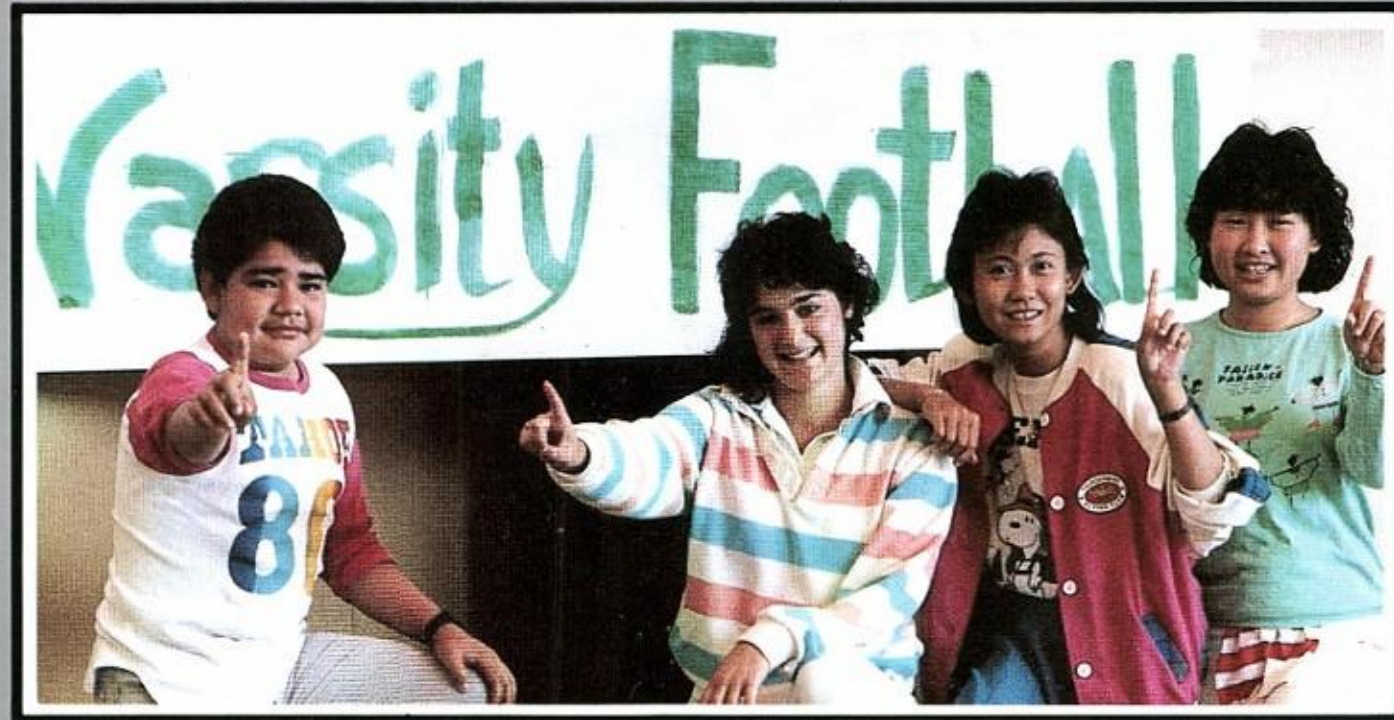


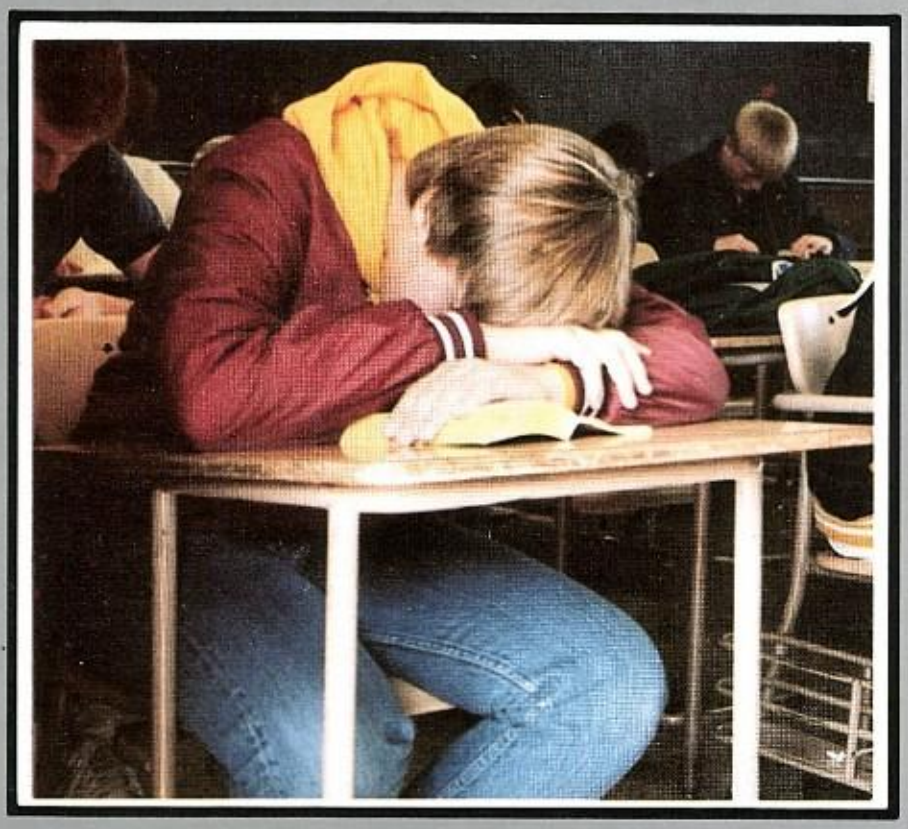


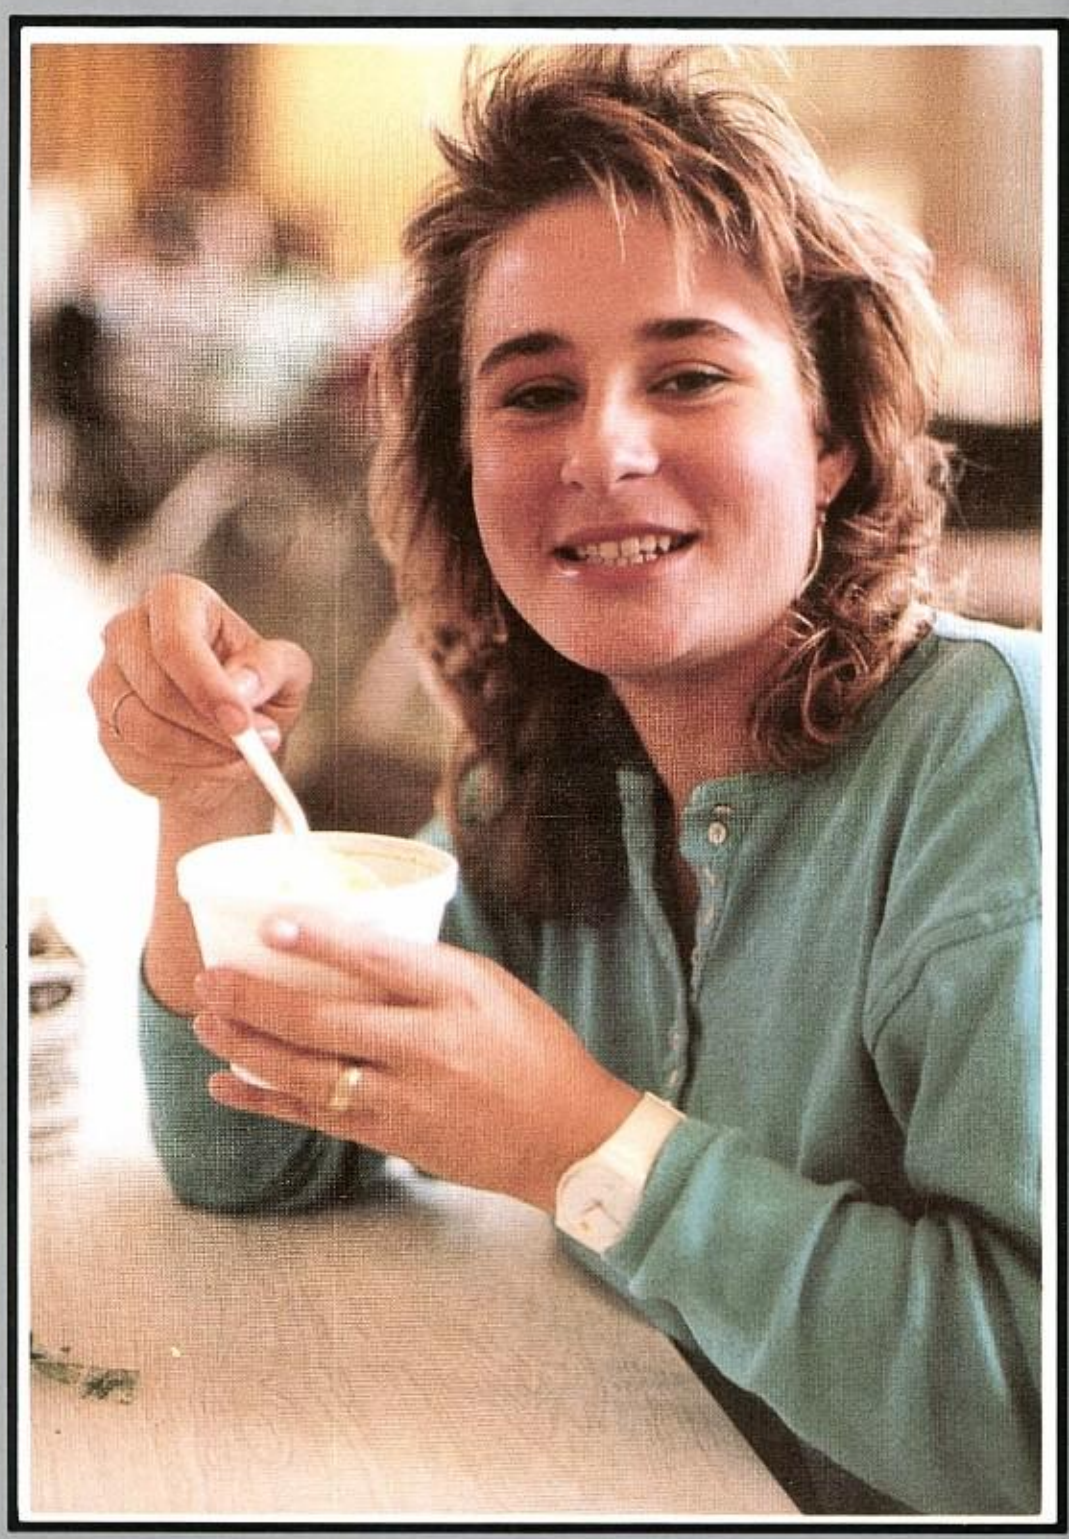


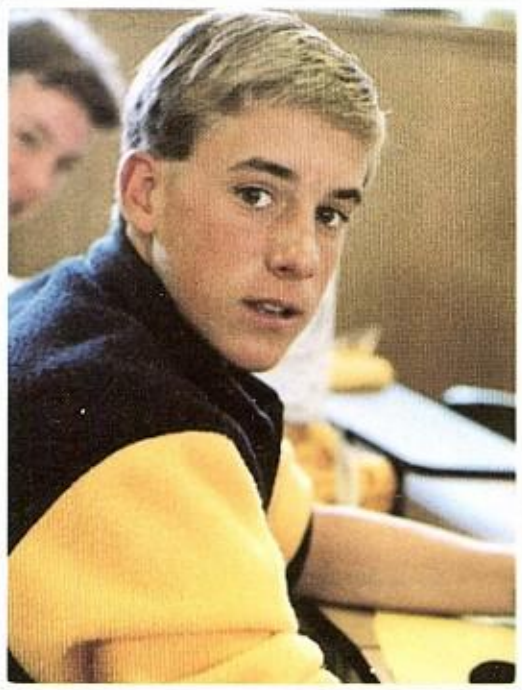


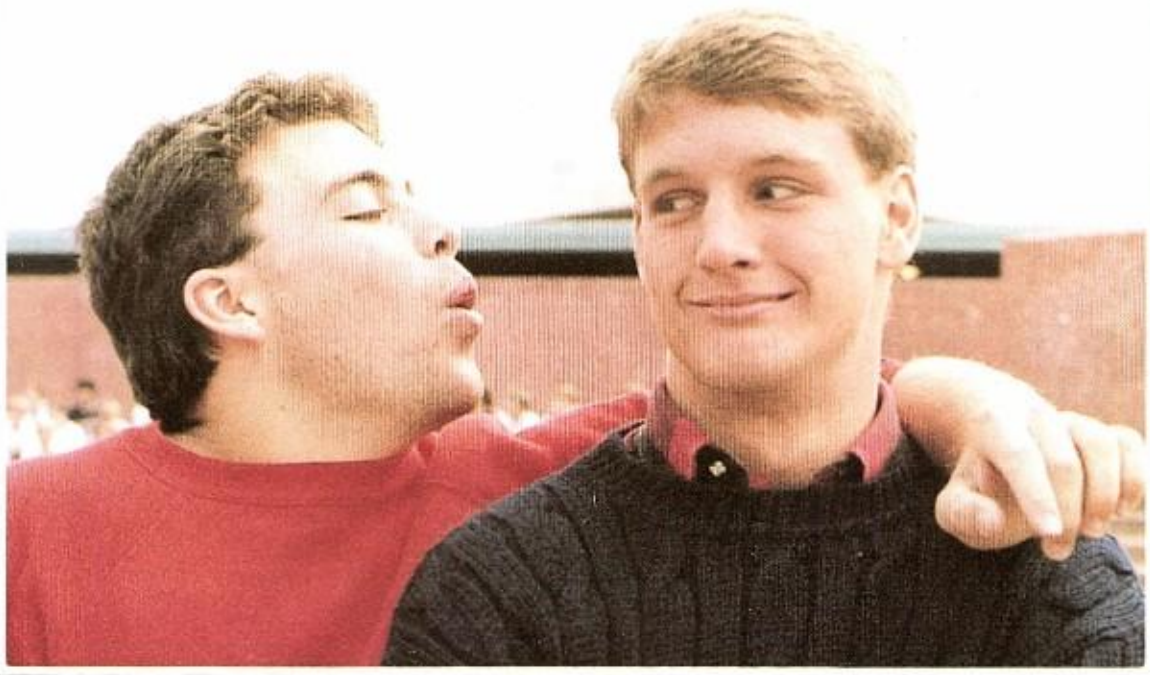
Twenty-five years ago there were no fights at home over wearing the ripped sweatshirts or holey high-tops to school. This was mainly due to a rigid dress code, enforced by both faculty and parents. Collared shirts and pants were requirements for the boys, while girls wore dresses or skirts. In 1986 there is a great deal more debate before a student leaves for school. Since many of the restrictions have been lifted, people can be seen in an array of fashions: everything from Dittos to dye jobs.



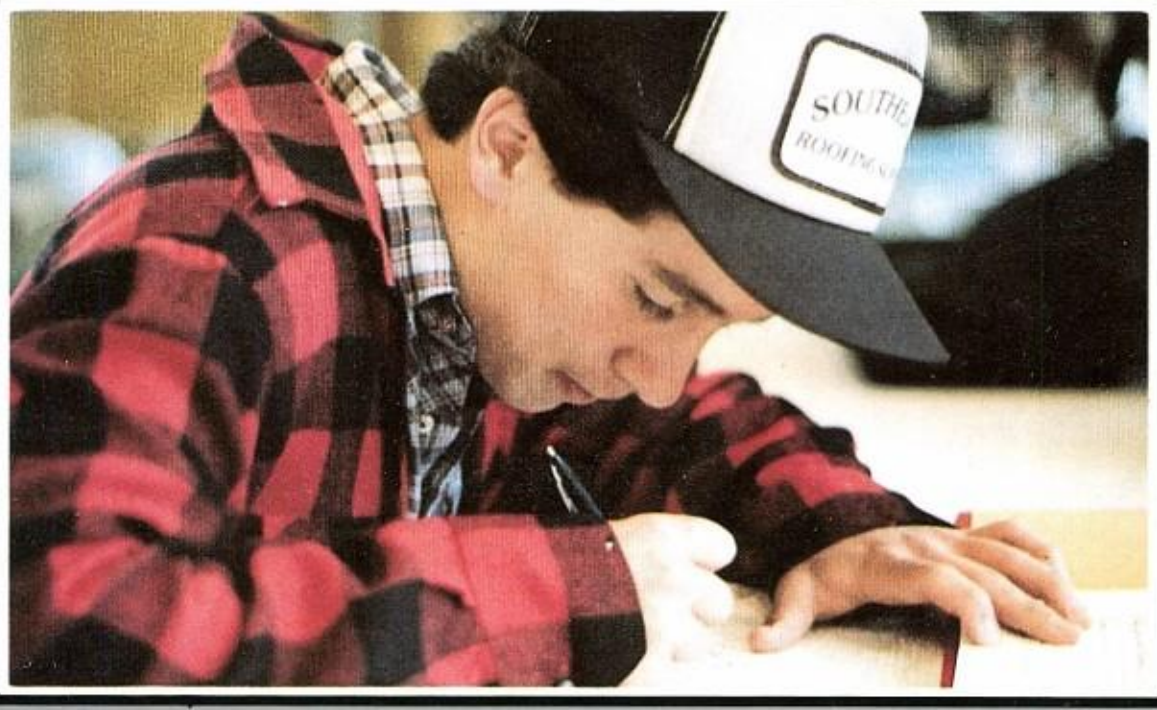


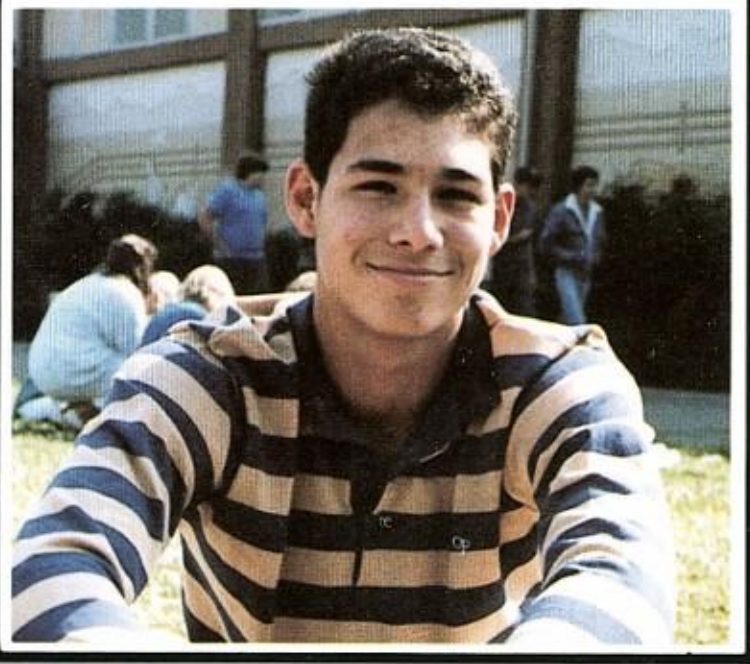


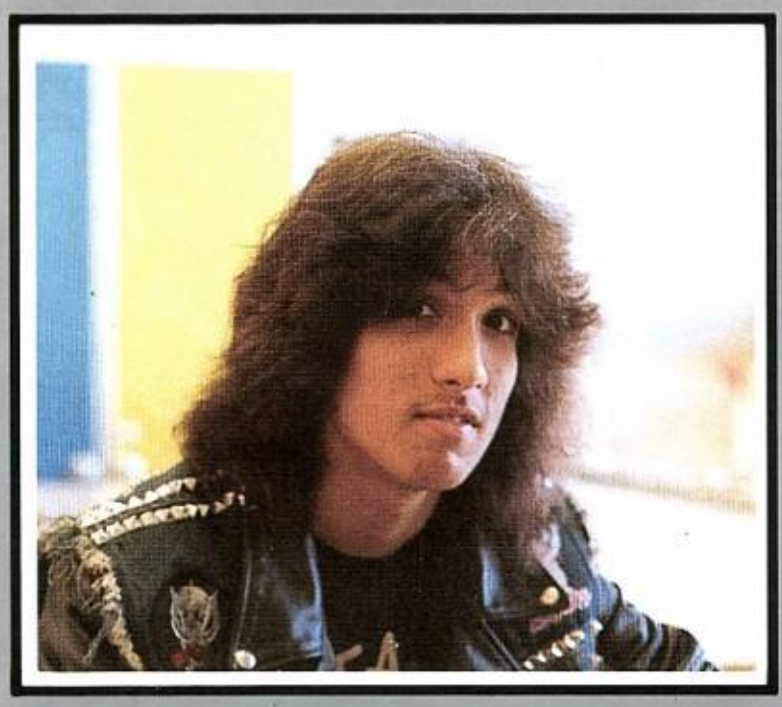




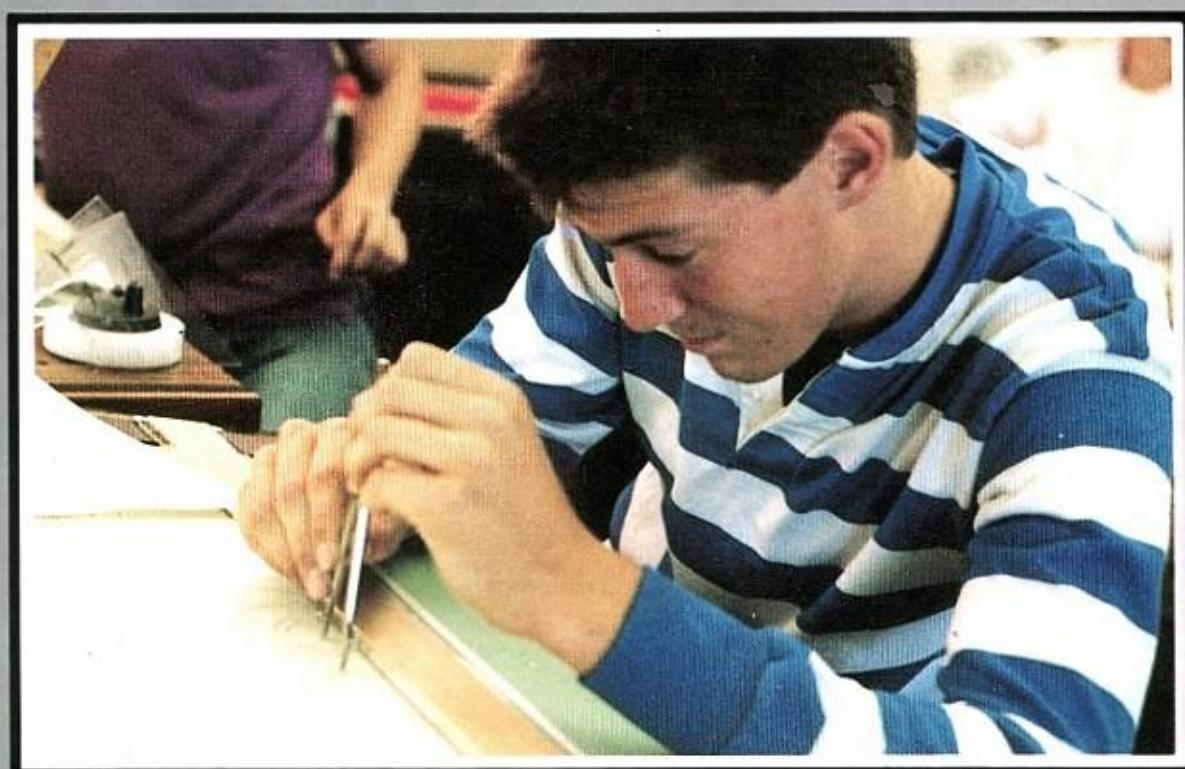
In 1962, conformity was the trend. Conformity was also inevitable since students were restricted by a dress code. However conformity went beyond looks — everyone danced, talked, and acted alike. Teens found security in numbers. In 1986, teens have found a new outlet to manifest security. They conform within their non — conformist groups. This ranges from dress styles to career goals.

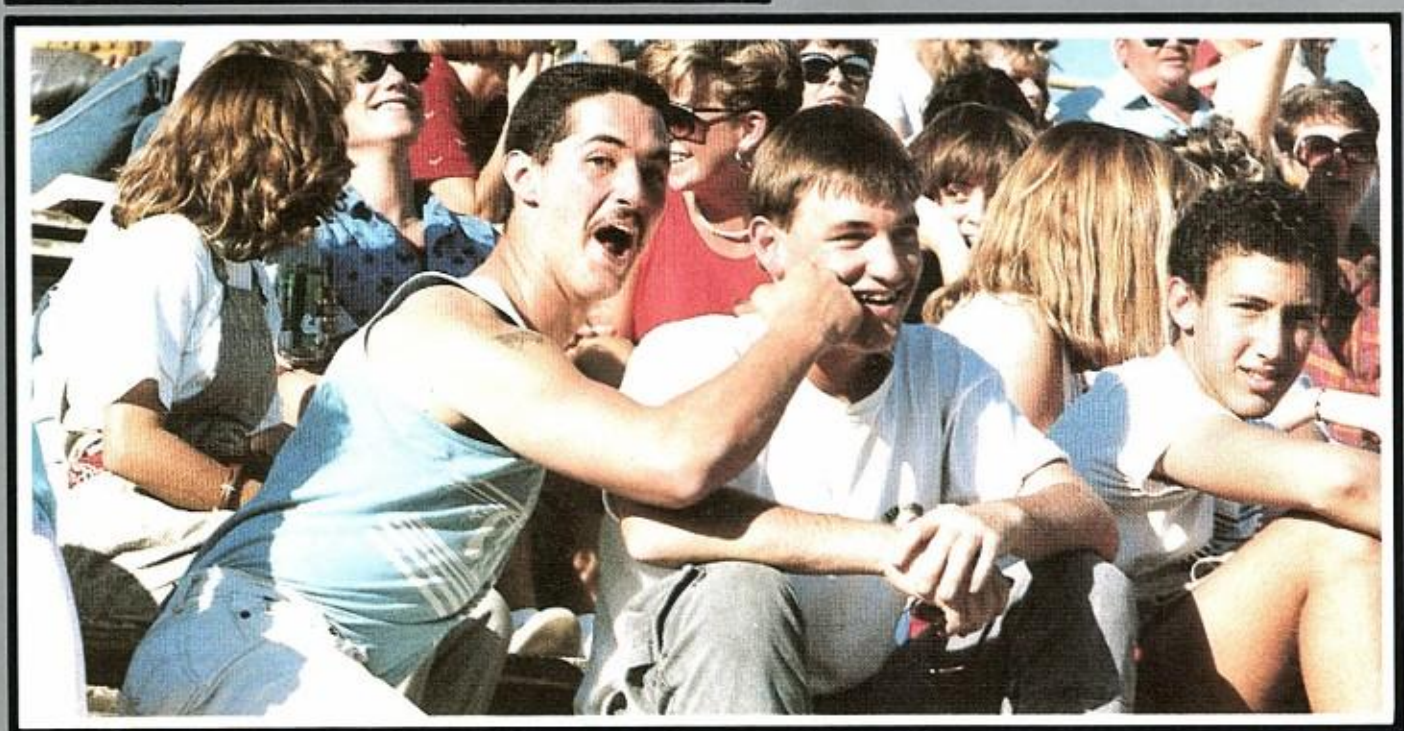


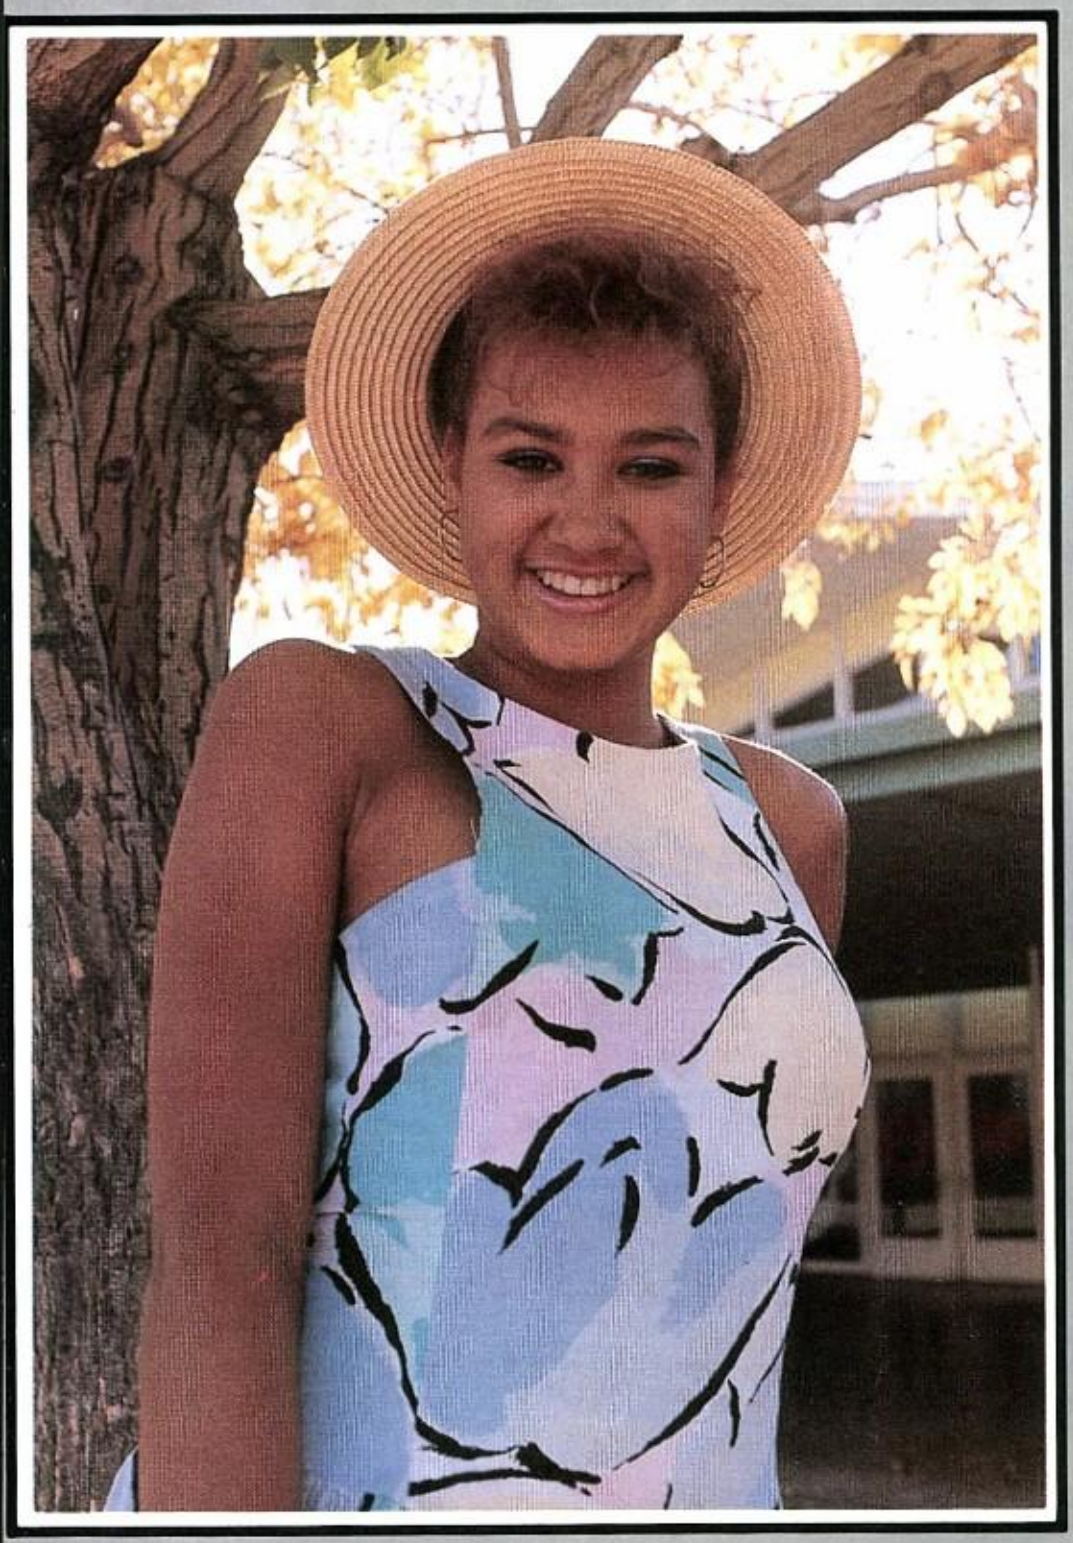


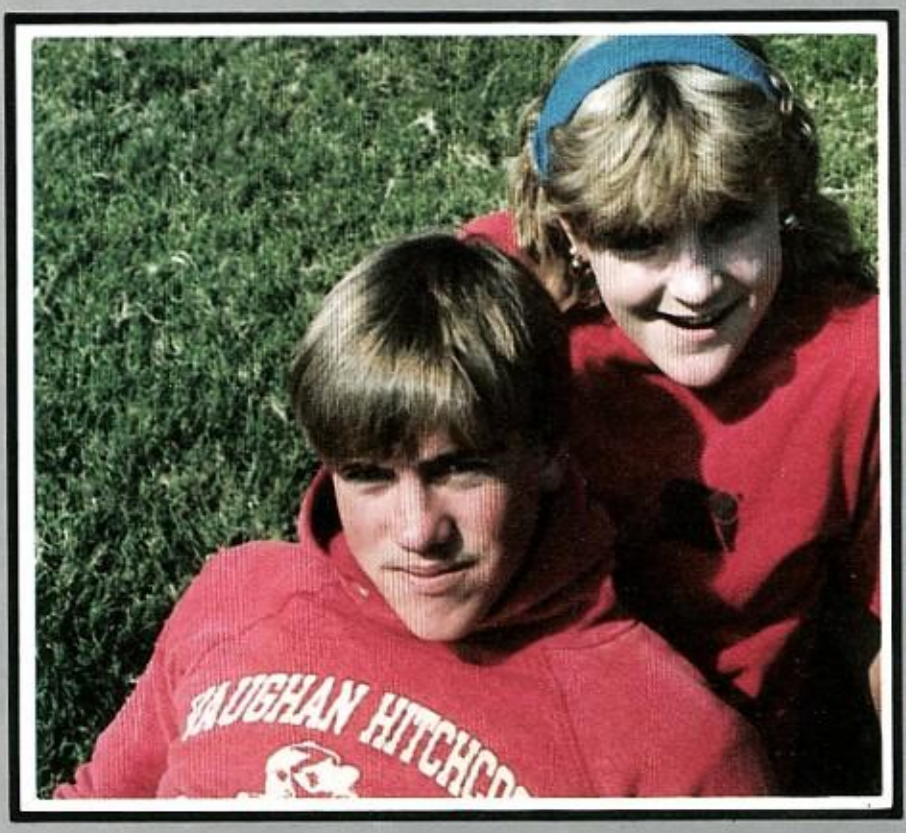


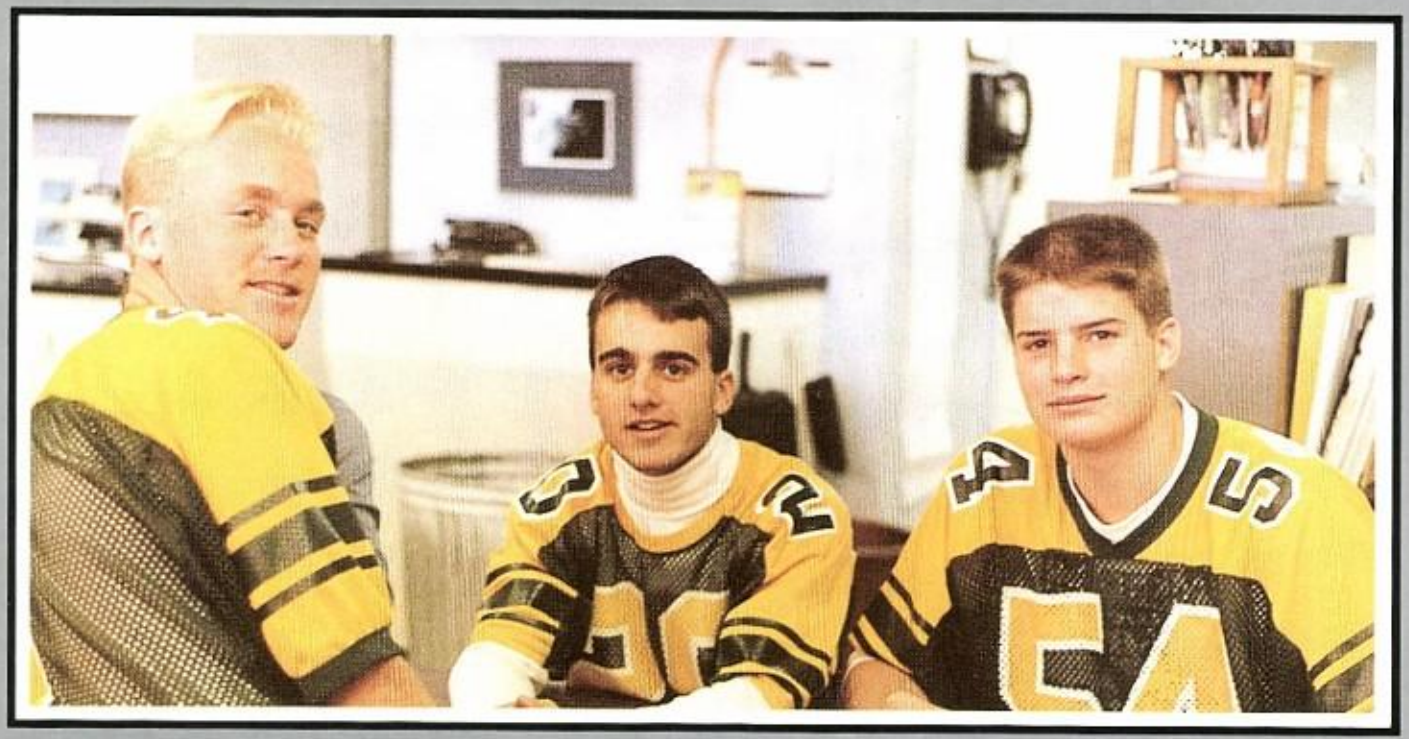
In 1962, student leadership at Leigh High was minimal. Unbelievably, there were only seven members on the student council,to run the whole student body. Today , over thirty council members organize and run dances, fund-raisers, slide shows. Likewise, the early Speech and Debate Team had only five members. Today, they have accumulated over sixty members. Under fearless leadership, the "Speechies" not only intensively compete, but take part in school sponsored activities like the infamous "May Day Messages" as well.

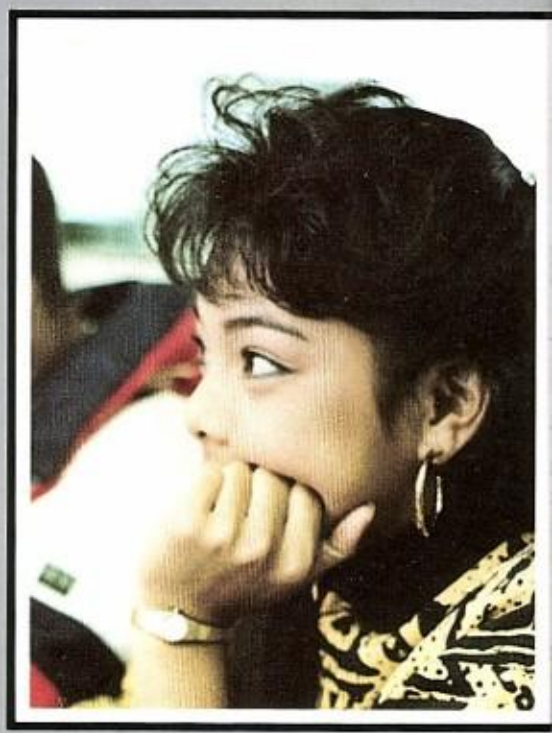




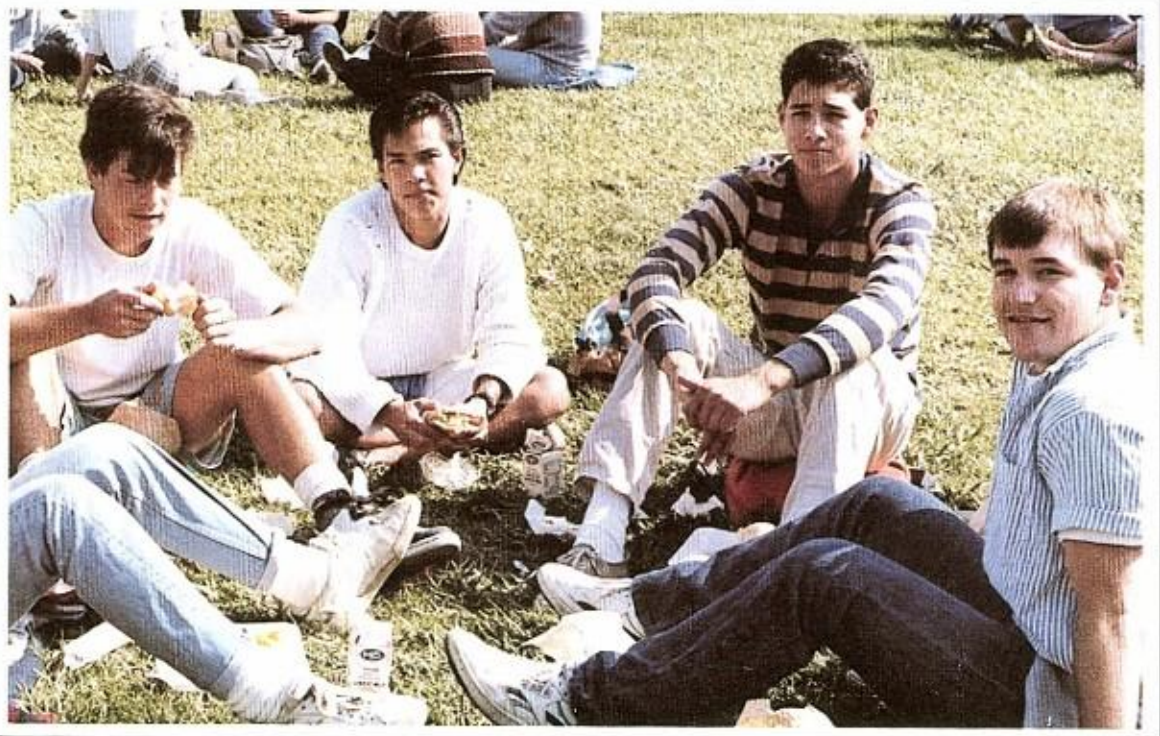


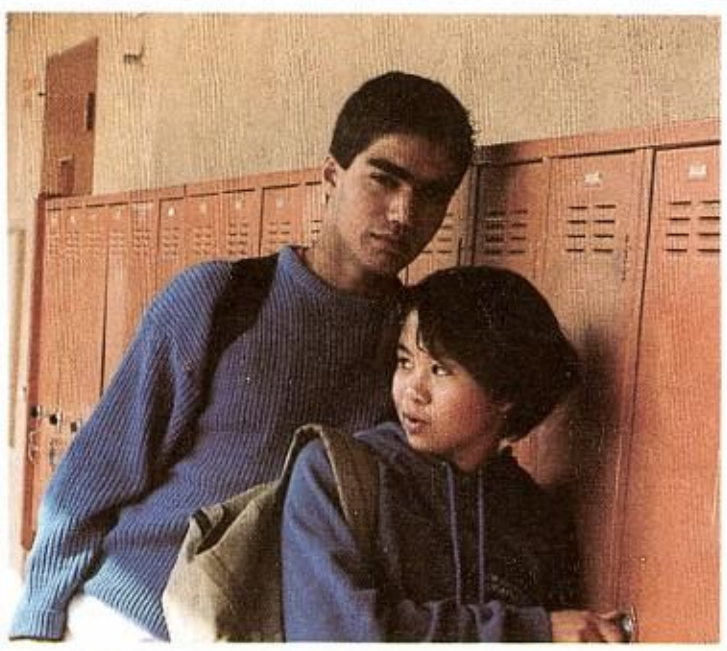


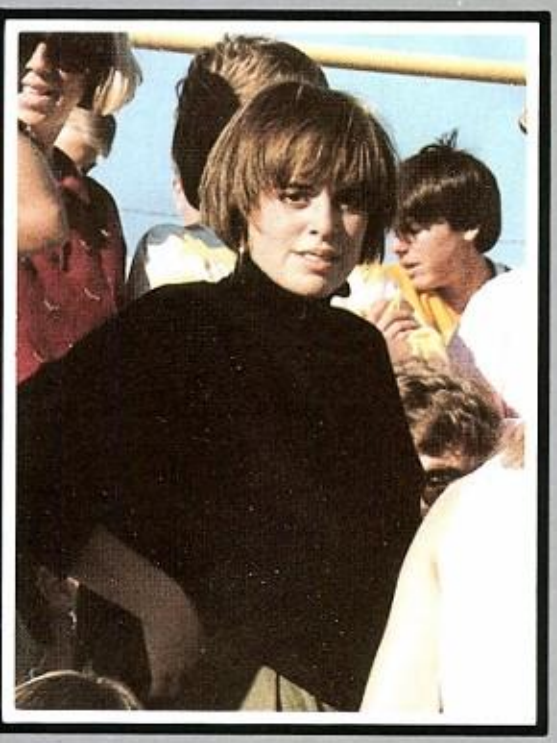


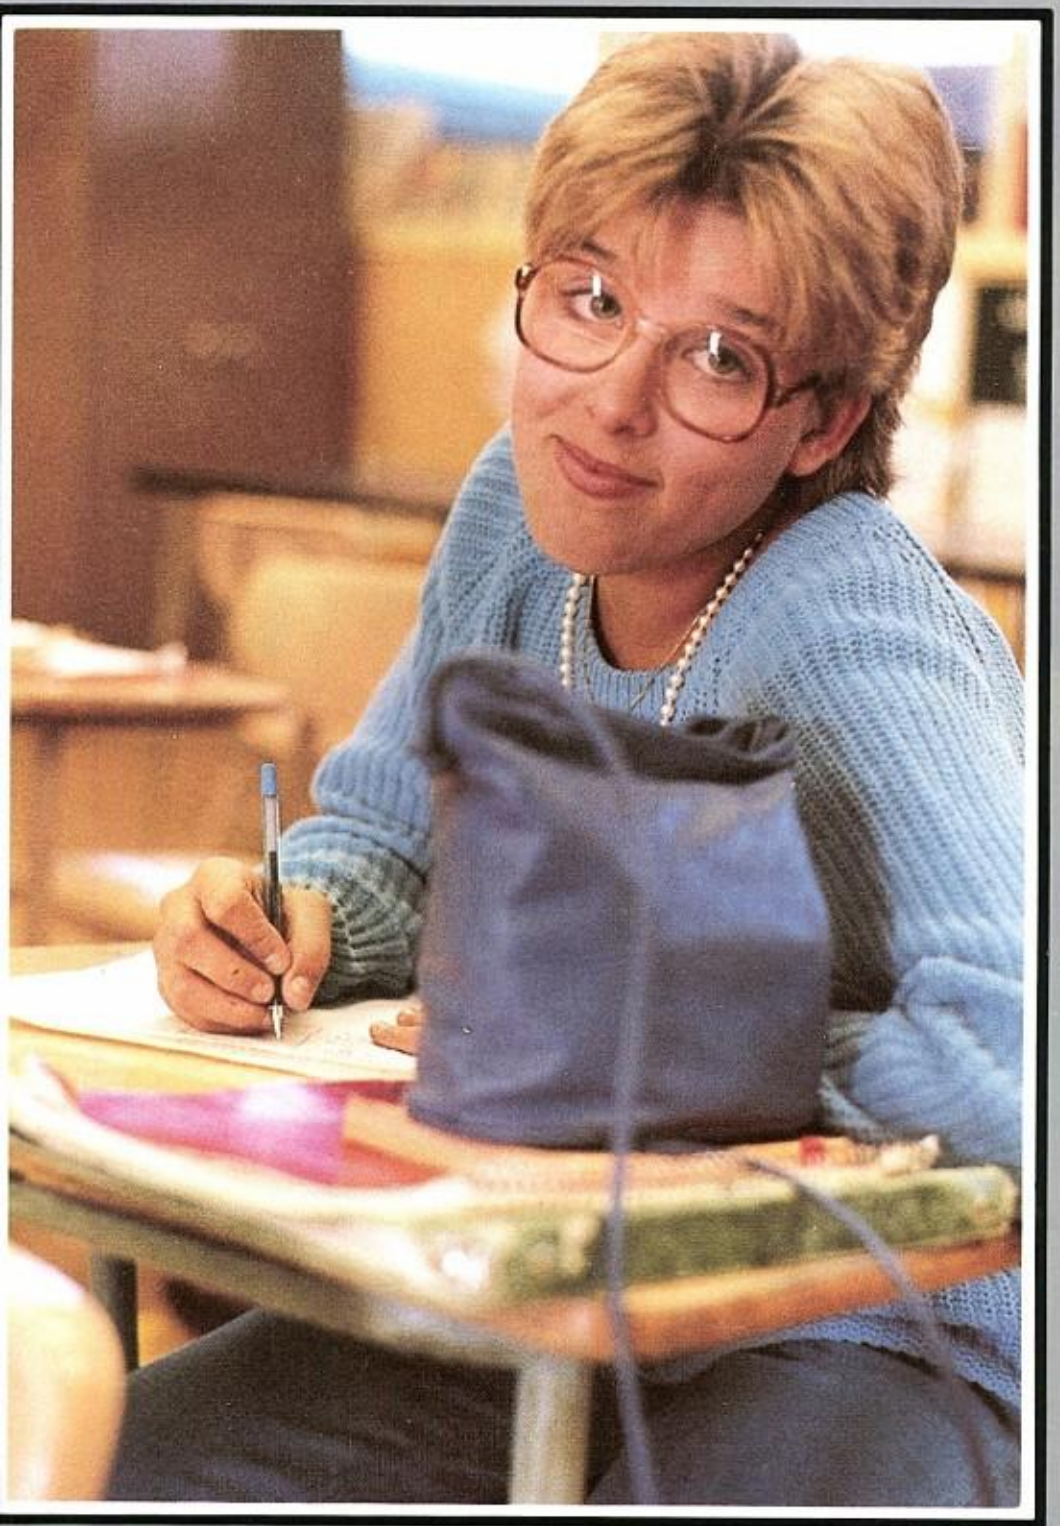


The 1962 high school graduate had it somewhat easier than the one of today. Rather than worrying about a $10,000 University education, the emphasis was primarily on vocational and career training. Unlike twenty-five years ago, today's students live in a world of technology that places more and more value on furthering education. Because of this, course loads have become increasingly structured, challenging, and important.

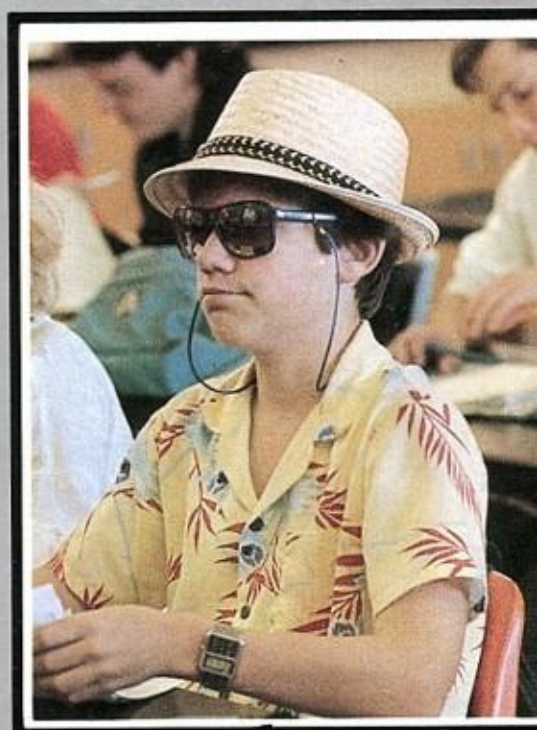


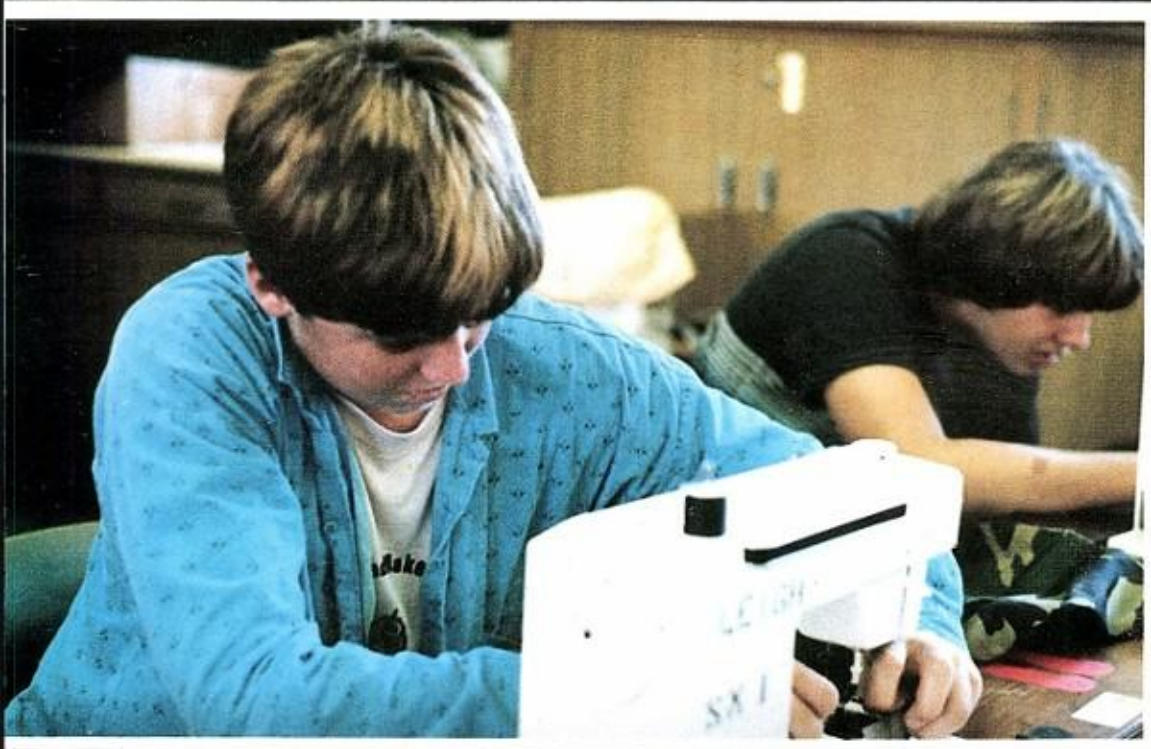




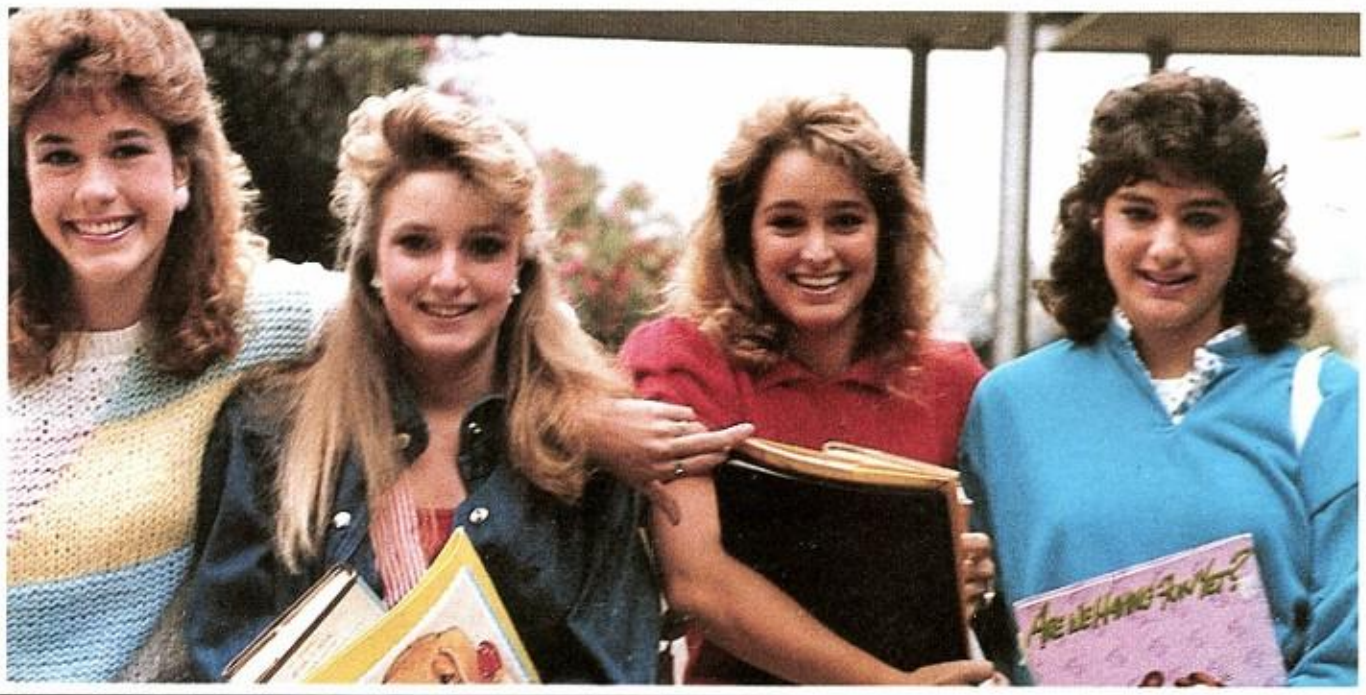


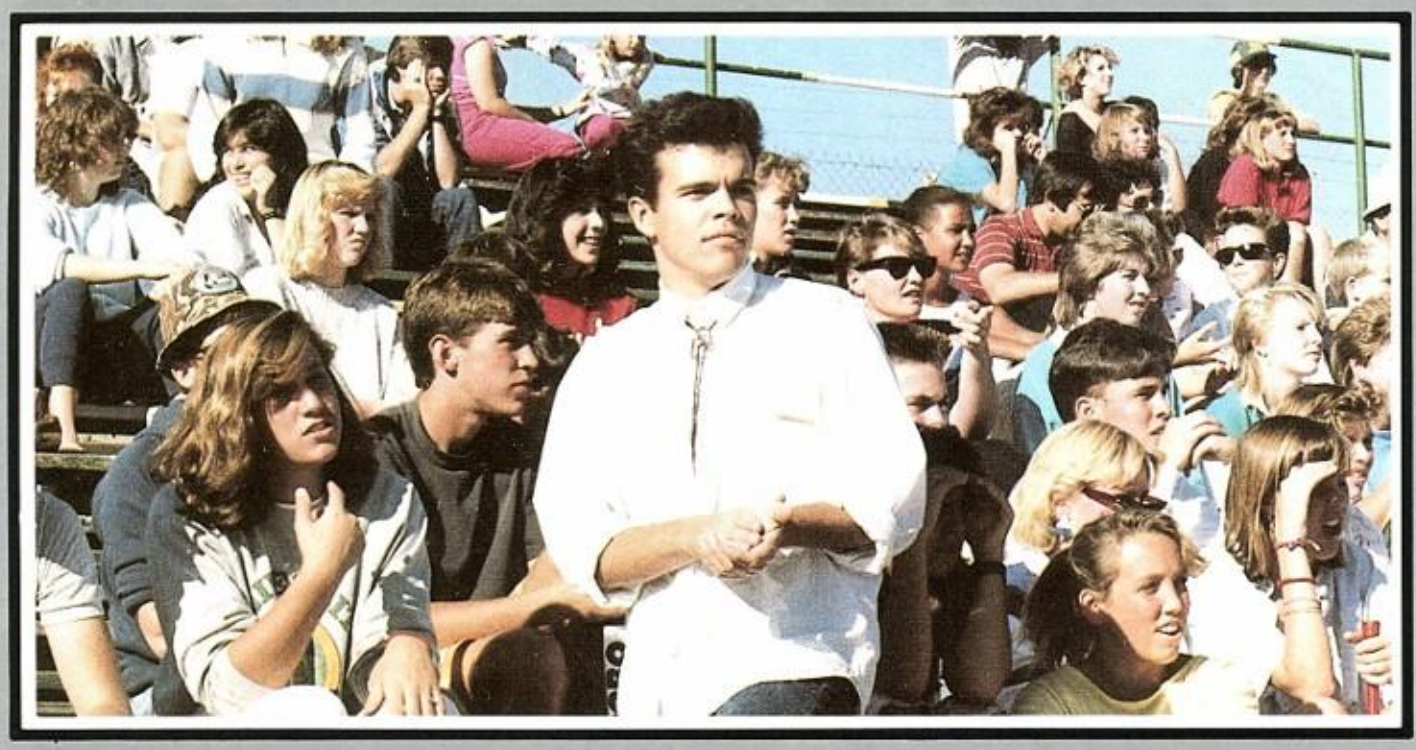
LEIGH

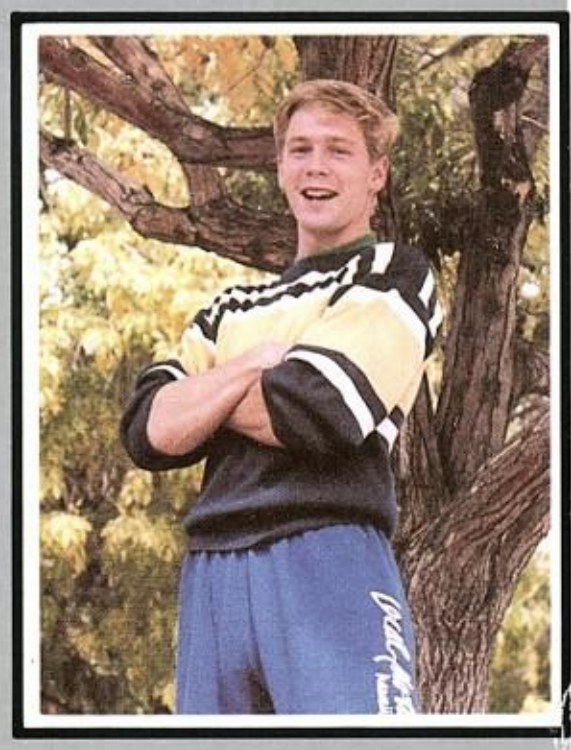


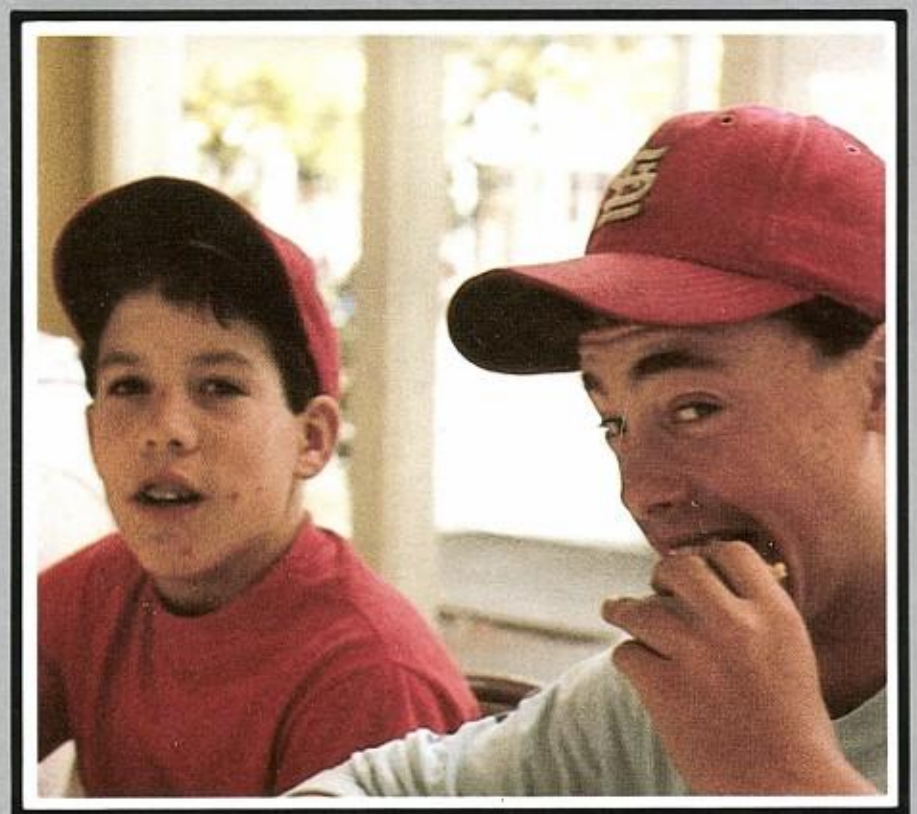


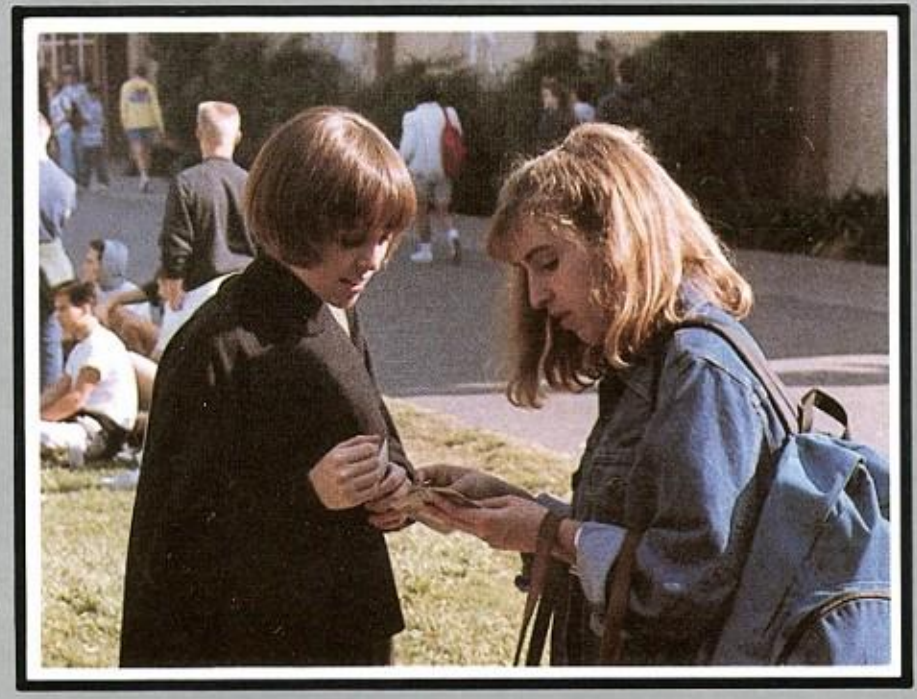
When comparing the sports program of 1962 to 1986, the boys program is vertually unchanged. The golf team has been dropped and the boys are no longer required to wear suits and ties on game days. Girl's sports, however, have undergone considerable change. In the early years Lady Longhorns had a variety of sports to choose from; field hockey and badminton, field hockey and badminton, and field hockey and badminton. Officially these two games were not even considered sports, but fell under the "activity" section of the yearbook. Today, however, the number of options have grown. The department has expanded to include swimming, tennis, cross-country, track, soccer, basketball, and softball. Emphasis on skill, conditioning, and endurance have made competition stiff.

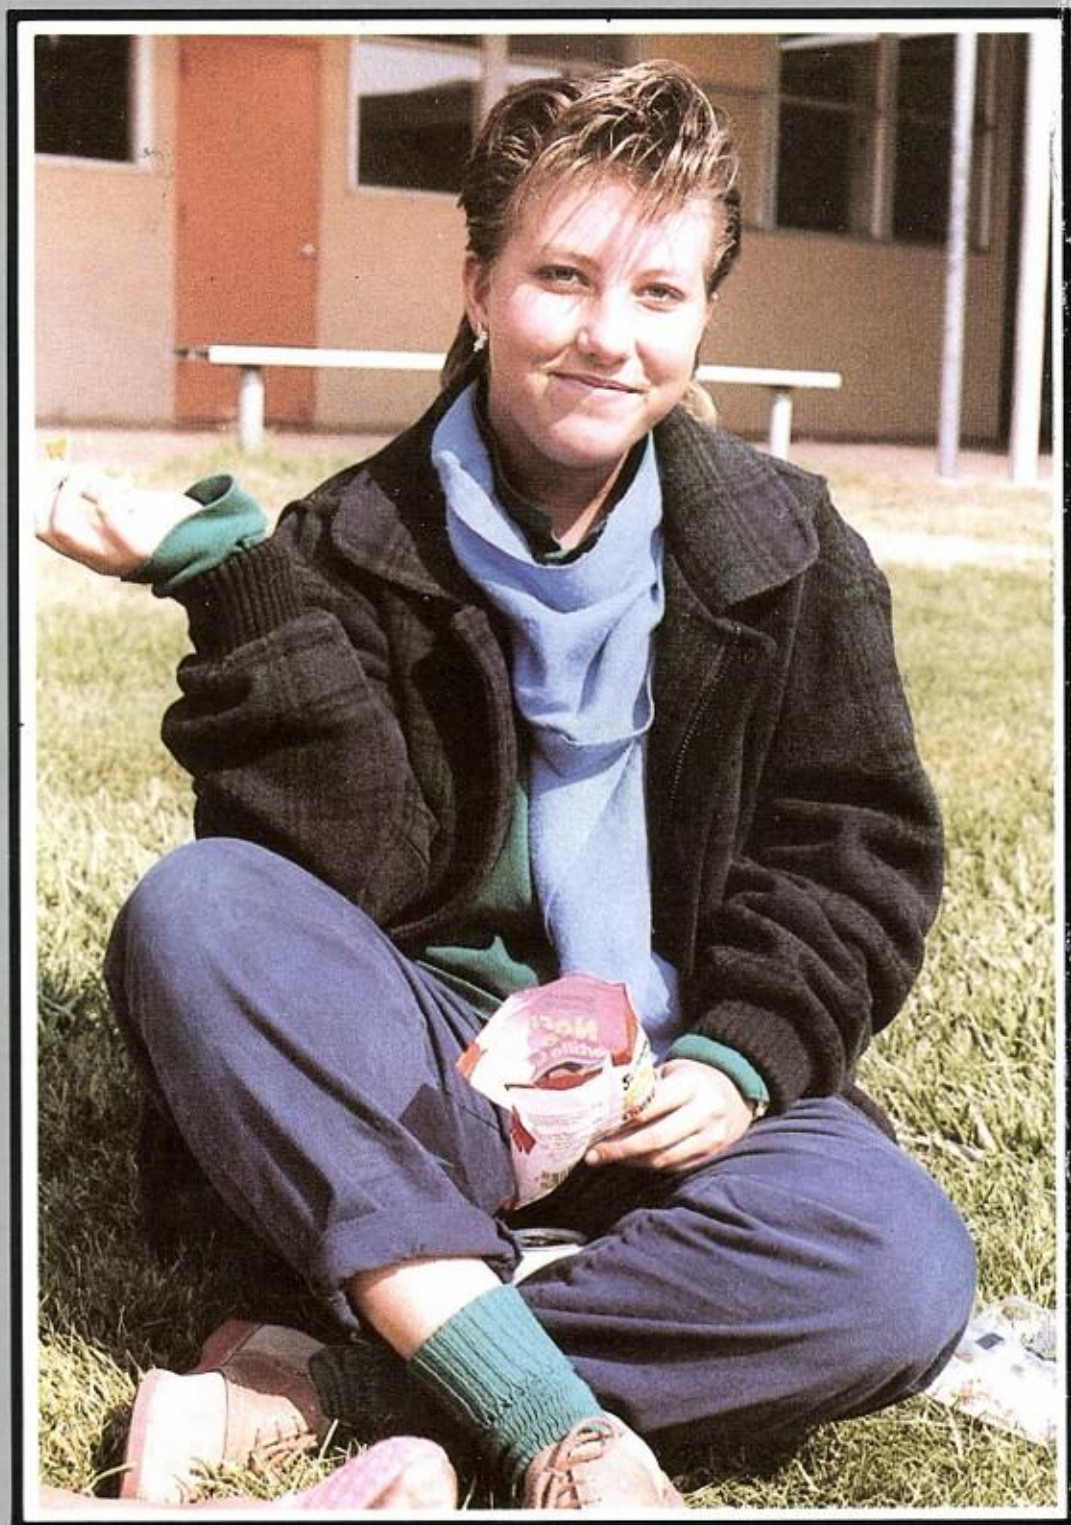


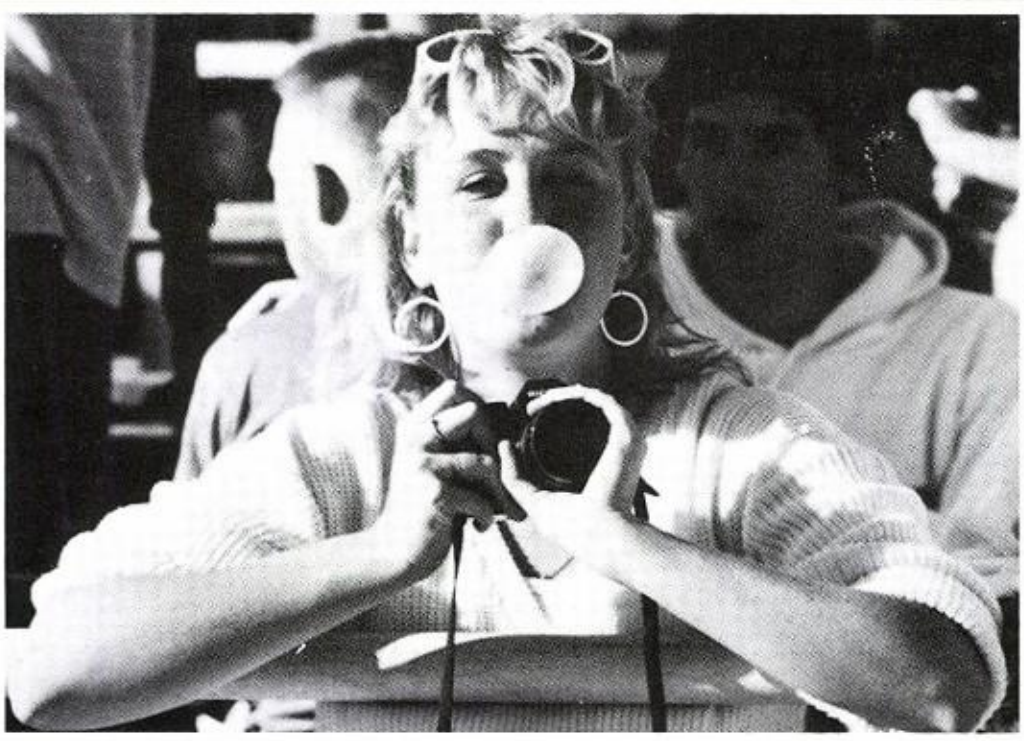












The Leigh High School music department of 1962 was very different from the one of 1986. In the early years, when enrollment was high, the department literally overflowed with marching bands, concert bands, orchestras and choirs. They performed in everything from field shows to the school musical. Even in a period of declining enrollment, the department of today is undergoing a major facelift; everything from derbies, suspenders, and jazzy music to serious competion. An appreciation for music over the last twenty-five years is reflected by the number of trophies displayed on the bandroom walls.

FRIENDSHIP

On the comfort — inexpressible comfort
Of feeling safe with a person
Having neither to weigh thoughts
Nor measure words — but pouring them out
Just as they are
Chaff and grain together —
Certain that a faithful hand
Will take and sift them
Keep what is worth keeping
And with the breath of kindness
Blow the rest away.

— Dinah Maria Mulock Craik

In 1987, a staff was selected to provide a unique educational program for high school hearing impaired students of Santa Clara County. Since 1978 almost one hundred hearing impaired students have attended Leigh High School. The goal of this program is to provide hearing impaired students the opportunity to mainstream at a local high school. Interpreter-tutors are provided to help hearing impaired students with their special communication needs.

Over the years the hearing impaired students, in addition to academics at Leigh and the R.V.C., have been members of athletic teams, school clubs, and spirit commission. The students have participated in travel study programs to Washington D.C., Europe and Hawaii. Hearing impaired students have been members of CSF and the Leigh Honor Society. Leigh High School is to be commended for being a school that encourages the participation of students with unique educational needs.

W.V.A.L. CHAMPIONS

By performing on the football field with determination and gusto the varsity football team won the West Valley Athletic League Championship. The team continually demonstrated teamwork and the "never-say-die" spirit, of the Longhorn, by coming from behind to win several close games.

The team and coaches are to be congratulated on a championship season. To all the seniors the best of luck in all future endeavors. To the returning players let your 1986 championship motto fill the autumn air — "LET'S GO BOYS!"

CAP offers a lifetime discount program to our senior portrait clients. If you bought a senior portrait package from us, you already qualify for this program. All you need to do is use us at least once every three years for your photographic needs-portraits, weddings, or commercial, and you will receive a 20% discount on your bill. The only thing this does not apply to is work for which we have contracted with Leigh High School. The offer extends to members of your family, and is valid for life. Keep in touch!

Mark,

I can honestly say you have dinner at all crazy this year. Of course we have had our laughs. I hope we never have P.E. together again — you run too fast. Make me sick! Is there a touch of jealousy there? Just a little. Anyway Have fun.
